Dear leaders of the City of Madison:
I write to ask you to vote in favor of the electric vehicle readiness ordinance (Legistar # 61929) that will soon appear on the Common Council agenda. I believe that preparing for the transition to electric vehicles is another way Madison can be a leading example for communities around the states.

Most major auto manufacturers have plans to launch electric vehicles over the next five years. The question is not if, but when, electric vehicles will replace gasoline-powered vehicles. With the passage of this ordinance, the City of Madison will help our community adapt to electric vehicles, reduce our transportation emissions, and better meet our carbon reduction goals.

Without this electric vehicle-readiness ordinance, which is common in progressive communities around the country Madison will be caught flat-footed with outdated infrastructure. I urge you to support this ordinance so that we can reduce vehicle emissions and build a better, more sustainable Madison.

I am a support of 350 Madison's Community Climate Solutions Team.

Thank you,
Charlotte Francoeur
