Subject: Save our Pick'n'Save on Park

Dear SSM and Members of the Truman Olson Steering Committee,

I am reaching out because you play an important role in keeping the families of South Madison from losing access to their only full-service grocery store.

It is unconscionable that you would allow a Health Care provider to remove an existing grocery store before meeting the needs of our neighborhood. Isn't THIS a health issue? We need accessible food for all people who visit this store on a regular basis. They are some of the most diverse people in Madison. Wheel-chaired. Different-language speaking. Elderly. Families of all shapes and sizes. Why would you remove this important necessity in our neighborhood?

Taxi vouchers to other grocery stores will not adequately address this issue. Many of the people who would need this resource will probably not even know how to access it.

I'm shocked and disappointed in my local government.

Please stop the removal of a grocery store in the Bay Creek neighborhood now.
