**Subject:** South Madison Grocery Store

Dear SSM and Members of the Truman Olson Steering Committee,

I was not able to attend the meeting April 4. However, I feel it is very important to have a full-service grocery store in South Madison, and you play an important role in keeping the families of South Madison from losing access to that.

The health and well-being of not just my own family, but all of the families of South Madison, an area renowned for its food and health disparities is of great concern to me. The plans to tear down the Pick 'n Save before there is a replacement supermarket will be a great hardship to all since it is the only store in the vicinity for many of our healthy food needs.

The City's proposed solutions of providing taxi vouchers or food delivery do not adequately address the needs of those who rely on food stamps or don’t have the time to travel long distances with young children.

Tearing down this store without a replacement creates a food desert. I implore the City, the Mayor, SSM Health, Welton Enterprises and Kroger to find a solution that puts family health first before it is too late.

Thank you,
Linda Crubaugh
