Subject: Statistics from Healthy Dane

Hello All,
The two attached PDF files contain statistics generated from the HealthyDane.org web site related to food security and other social issues in South Madison. Healthy Dane is supported by the City of Madison and SSM Health, among others. The PDF file **HealthyDane_Demographics_1401.pdf** contains relevant statistics for census tract 1401 which is the portion of South Madison between Wingra Creek and the Beltline Highway. The PDF file **HealthyDane_Demographics_Compared.pdf** contains the same statistics and compares them with statistics for the city of Madison, if available, otherwise with statistics for Dane County.
Dave
