Thank you, Shiva, for keeping us up to date. We live at [REDACTED] Old University Ave. in an apartment where we've lived happily for many years. Since we won't make it to the mtg. this evening, we want to express our approval of the University Ave. Corridor Plan. I hope you can add it to the decision. We don't approve of the 3 alders remarks on greater density for this corridor than what is already proposed. It's a crowded area already and we'd hate to see it get worse, especially since we live on the north side of the avenue in question. More mass transit for this street and Campus Dr. would be great; students ride the bus in great numbers now that they have free passes.

Thank you for conveying our opinions!

Willa Schmidt and Kim Genich, [REDACTED] University Ave., Madison, WI
