To: Sustainable Madison Committee
Subject: Item #5 on your agenda - PFAS
Date: Monday, March 22, 2021 2:15:51 PM

Dear Members of the Sustainable Madison Committee -

I'm not able to attend your meeting this afternoon so am writing in support of your draft letter regarding actions the City should take regarding PFAS contamination.

I wholeheartedly support your call to revive the PFAS Task Force, create better public information and communications about PFAS dangers and clean-up efforts, and conduct a health impact assessment to evaluate and communicate to the public the health risks of eating contaminated fish.

I would be happy to co-sponsor any legislation to move these items forward.

Thanks for your commitment to the health of our community!
