Members of the Body-Worn Camera Feasibility Review Committee:

I see that the far right coup-ligan who broke into the U.S. Capitol yesterday and was pictured sitting at Nancy Pelosi's desk recently held a fundraiser for police bodycams:

Presenting a check to fund the purchase of bodycams for officers after raising money at a "Back The Blue" rally and auction:

White supremacist rightwingers and cops love bodycams, since the devices produce a biased view and those distortions favor the cops. And because the cops have control of bodycams, helping them frame everything in their favor.

Is this really the right thing for Madison? If you're on the same side as the coup-ligan, is that really the right side to be on?

Respectfully yours,

Timothy Lee
