The League of Women Voters of Dane County is pleased that you are planning to develop a position description for the Police Monitor using the duties described in the Ad Hoc Committee's report. We would like to remind you that the League of Women Voters noted that earlier versions of the position description from the Mayor's Office left off critical elements. Quoting from the League's June 9 email to the Finance Committee, we said:

". . .we are concerned about two issues in the current proposed job description of the police auditor. The position description does not include any duty to monitor progress toward implementation of the Ad Hoc Police Committee's recommendation, an essential component of the Auditor's responsibilities. Also, the proposed job description indicates that the Auditor would simply forward complaints to the MPD or the PFC, rather than establish the ***independent*** *complaint process recommended by the Ad Hoc Police Committee."*

We urge you to make sure that these two responsibilities are clearly stated in the position description.
