To Leaders of City of Madison:

I ask you to vote in favor of Legistar #61929, an ordinance which would prepare our city for the transition to all-electric vehicles. Major auto manufacturers are working on expanding their use by increasing their production. But, this effort won't mean as much if our cities don't have the infrastructure needed for their efficient use.

I am a supporter of 350 Madison's Community Climate Solutions Team.

Thank you,
