I wanted to give my input on The Dive Inn's liquor license approval.

I manage the Royster Commons directly across from this establishment, and while they were previously open, I received many complaints from my residents. Most of the complaints were about noise, fighting, motorcycles revving engines, and overall loud noise coming from what appeared to be intoxicated patrons. Many residents had said it was so bad they could not leave their windows open in the summer because they would be woken up at night and not go back to sleep.

This is the previous establishment, and I hope the new one will not create these issues if it is possible to issue a license that is short-term/temporary or that would have conditions to it that would be best.

Thank you,
Molly Johnson
