Hello, I am writing this afternoon regarding tonight's meeting on the vitally important civilian oversight of MPD as implementation begins. As a Madison community member I support & require the continued development and near-future deployment of Independent Civilian Oversight of the MPD. Importantly, this oversight will help ensure that the safety officers employed and funded via taxpayer dollars are accountable to their employers, the residents of Madison. Of primary importance to me during this process is that the recommendations of the Ad Hoc committee be implemented exactly as written without further attempts to water-down, remove teeth, or otherwise turn this process into something made out of words and air but with very little substance.

Sincerely,
Trina Clemente
