I am one of the principals in BJV LLC, current owners of the property involved in this agenda item. I am writing in support of the proposal contained in agenda 66286. Having the church and parsonage lumped together was a concept that made sense in the distant past. It no longer meets the needs of current church usage and impacts property viability. It needs to return to the status compatible with the surrounding neighborhood. That being individual lots independent from each other.

Ronald I. Montgomery
