

Request for traffic calming measures

Area of concern: 100 and 200 block of N Farmington Rd. bordering Walnut Grove Park

Issue: Speeding and pedestrian safety around a heavily used park. The road bend creates a blind intersection. The Westfield Rd. speed limit is currently 30mph with cars often traveling 40mph. Gammon Rd, which is 4 lanes, had additional traffic lights and speed reduced to 30mph. Cars are opting to travel on Westfield between the mall and Old Salk Rd due to no traffic control measures.
