

# City of Madison 2013/2014-Action Plan

The CPMP City of Madison Annual Action Plan includes the SF 424 and Narrative Responses to Action Plan questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The Executive Summary narratives are optional.

# Narrative Responses

## **GENERAL**

## **Executive Summary**

1. The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

## **2013**2014 Action Plan Executive Summary:

The City of Madison presents this One Year Action Plan for the 20132014–Community Development program funds. The City developed these funding decisions based upon Mayoral priorities, Common Council priorities, CDBG Committee recommendations, Community Development Division (CDD) staff analysis, public hearing comments, program performance information and consultation with various service agencies, stakeholders, other funders, the Madison Metropolitan School District and business leaders and developers.

The Community Development Division will submit this One-Year Action Plan to the Department of Housing and Urban Development for the 20132014 calendar year once the Common Council approves the 20132014 budget. This is in conformance with the requirements of the Housing and Community Development Act of 1973, as amended.

The following describes the 20132014 Goals and Objectives:

#### Goals:

- Improve and expand affordable housing options.
   Objectives:
  - Owner-occupied housing improve the quality of existing owner-occupied housing stock to support community and neighborhood stability and neighborhood revitalization efforts (i.e. housing made accessible, brought to code, or made safer or more energy efficient).
  - Housing for buyers increase homeownership opportunities for low to moderate income individuals through affordable homes constructed, rehab efforts or downpayment assistance.
  - Rental Housing expand the number of affordable rental units and/or improve the quality and/or diversity of rental units available to lower income individuals throughout the community (i.e. renovated to code or made accessible, better managed and affordable).
- Expand businesses to create jobs and assist with the development of

#### microenterprises.

#### Objectives:

- Business Development and Job Creation assist businesses and non-profits to create new employment opportunities for low to moderate income individuals which meet wage standard levels or create training or advancement opportunities, with 51% being low to moderate income.
- Economic Development of Small Businesses Assist micro-enterprises which are the principal occupations of their owners, or which create new job opportunities for low or moderate income persons through technical and/or financial assistance.
- Strengthen neighborhoods through the operation of neighborhood centers, community gardens and the implementation of strategic neighborhood revitalization efforts.

### Objectives:

- Improvement of community focal points: Gardens and Neighborhood Centers

   create, enhance or sustain the operation of neighborhood centers and community
   gardens that bring people of diverse backgrounds together, serve as neighborhood
   focal points, or provide residents with skills or opportunities that will lead to stronger
   neighborhood.
- o **Revitalization of strategic areas** through the neighborhood planning process assist residents of designated neighborhoods in identifying opportunities and promoting sustainable neighborhood revitalization.
- Increase the access of low and moderate income households and community groups to resources through the improvement of community service facilities, enhancement of informational services and employment training opportunities.

#### Objectives:

- Improvement of services to homeless and special populations stabilize or improve the housing situation of homeless individuals or near-homeless individuals, and develop supportive activities.
- o **Physical improvement of community service facilities** create or improve, safe, energy-efficient, accessible and well-maintained community and neighborhood facilities.
- Expansion of individual choice and access to housing resources and employment and training opportunities – increase access to housing, information and other nonmonetary resources and support for employment and training opportunities.
- Administer the Community Development program to meet the community needs and funder requirements.
   Objectives:
  - Overall program administration develop, guide and manage activities which generate long term impact and self-sufficiency, including the provision of fair housing services. Achieve National and local cross-cutting objectives.

This Action Plan allocates a total of approximately \$7.4 \$7.5 million in anticipated 20132014 Community Development Block Grant, HOME and ESG Entitlement funds, City HOME Match funds, City funds, State HCRI funds, CDBG and HOME program income and other funds to support the Community Development program. If additional entitlement funds are made available, the CDD and the CDBG Committee will distribute the funds throughout the currently established reserve funds for agencies to access throughout the year. The city used allocation percentages in the 20132014 Framework to distribute the funds.

## **Past Performance**

The City of Madison continually strives to improve the performance of its operations and those of its funded agencies. In 2013, the Community Development Division

invested over \$9.0 \$9.6 million in the community to meet the goals and objectives outlined in the 2010-2014 Consolidated Plan. CDBG, HOME and ESG funds were primarily targeted toward affordable housing, economic development and development of neighborhood focal points. For a more detailed summary of the City's evaluation of past performance, previous Consolidated Annual Performance and Evaluation Reports (CAPER) can be viewed on the City's website at <a href="https://www.cityofmadison.com/cdbg">www.cityofmadison.com/cdbg</a>.

# Action Plan Required Elements: Geographic Distribution / Allocation Priorities:

- 2. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.
- **3.** Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.
- **4.** Describe actions that will take place during the next year to address obstacles to meeting.

### 20132014 Action Plan General Questions response:

#### **Geographic Area**

The City of Madison, the seat of Wisconsin State and Dane County government, is part of a dynamic and growing region, and has more than 150 very active neighborhoods, businesses and community organizations. Madison is also home to the University of Wisconsin, a nationally respected research institution known for a tradition of academic excellence. The City includes parts of three lakes, and is located upon an isthmus, which gives the City its defining geographical characteristics.

The Community Development Division funded activities are either designed to serve a Neighborhood Resource Team area, or are available community wide to residents of all parts of Madison. Allocations are typically used to address high priority needs, as identified in this plan, on a citywide basis for a project primarily benefiting low and moderate income households.

The following section describes the customized activities that focus on a particular Neighborhood Resource Team (NRT) area.

## Allied NRT Area

The 20132014 site-specific activities in the Allied area include continued support of the Boys and Girls Club Allied Neighborhood Center. The Community Development program will also continue to sponsor efforts to expand the range of housing choices in the Allied neighborhood. In addition, using a special grant from the City, the CDD will contract with the Urban League to administer the Allied Employment Partnership Job Services Network program and Construction Trades, Inc. to provide Allied residents access to pre-employment and pre- apprenticeship training and support. Utilizing City of Madison Affordable Housing Trust Funds the CDD is supporting the development of ownership units to be completed by the City's Community Development Authority.

## Balsam/Russett and Betty's/Hammersley/Theresa/Park Edge/Park Ridge NRT Area

The 2013 2014 site-specific activities in the Southwest area will be the continued support of the Meadowood Neighborhood Center and the Wisconsin Youth Company (WYC) Elver Neighborhood Center. In 2013 the City purchased a duplex on Theresa Terrace to serve as a neighborhood center for the area. The center will be developed and opened in 2014 to provide a focal point for

the neighborhood for residents to meet and to obtain necessary services that will help stabilize the neighborhood. The Community Development Division will also continue to address existing and emerging needs in this area.

## Badger/Bram's Addition/Cypress/Burr Oaks NRT Area:

This includes neighborhoods that fan off of the southern end of Park St which serves as a major linkage from the northern university area to the southern neighborhoods of Bram's additions, Cypress, Badger Road and Burr Oaks. This area includes recently attached areas of the Town of Madison. This larger area includes some smaller sub-areas undergoing transition and some areas that have typically generated a high number of police calls.

The 20132014 site-specific activities include continued support of the neighborhood centers (Boys and Girls Club Taft and the Bridge-Lake Point-Waunona Center) to help strengthen neighborhood-building efforts. The Urban League of Greater Madison central office and service center, completed with CDD assistance two years ago, continues to expand it's services and has been a major influence on the improved stability of the area.

## **Leopold/Arbor Hills NRT Area:**

This area includes Madison's well-established neighborhoods of Arbor Hills and Leopold, a residential enclave and commercial area in north Fitchburg, and commercial lands immediately north of the West Beltline Highway. In late 2013 the neighborhood and City adopted a 5-year neighborhood plan and approved funds for projects meeting high priority needs identified in the plan. In 2014 CDD will work with the neighborhood to implement those projects. These projects include park and garden improvements that bring people of diverse backgrounds together and housing improvements. The 2013 site-specific activities include continued support of a neighborhood planning process and high priority neighborhood revitalization projects to be identified by the stakeholders in the area. In 2013 2014, the Division will also continue to address existing and emerging needs in the Leopold School area.

#### **Owl Creek NRT Area:**

This is a small area south of Voges Road, east of Hwy 51 and west of I90. It is surrounded by the village of McFarland. It consists of single and multi-family properties as well as undeveloped vacant land. The Community Development Division will continue to address existing and emerging needs in the area.

# State Street/Langdon NRT Area:

This area includes the downtown central business district, as well as four residential older neighborhoods with a wide range of housing options, from two homeless shelters to million dollar lake-view condos. It includes some of the more active neighborhood and business associations in the City and where many groups (residents, business owners, shoppers, commuters, workers and visitors) use the areas in a variety of ways at different times. It, too, is an area where the CDBG program has been very active with a broad range of affordable housing, business development, neighborhood center, community gardens and neighborhood improvement programs.

The 20132014 site-specific activities include continued support for small business lending through the Madison Development Corporation business loan program. The program will continue to support affordable housing efforts through site-specific support for both Porchlight and the YWCA as they provide transitional housing for homeless men and women.

## **Brentwood/Woodland/Woodland Park NRT Area:**

This is an area that developed its housing stock in the 1950s and 1960s, with additional growth of multi- family units in the 1980s and 1990s. The older commercial areas are now undergoing some redevelopment, particularly in the Northport Shopping Center, and much commercial space has been added in the vicinity of the airport.

The 20132014 site-specific activities include continued support of the Vera Court Neighborhood Center and CAC.

#### **Darbo/Worthington NRT Area:**

This is an area with a significant concentration of LMI individuals populated with relatively few strong existing neighborhoods or neighborhood associations. The 20132014 site-specific activities include continued funding of the Goodman Community Center and the East Madison Community Center. The Division will also work with its partners, including the Salvation Army who may be shifting their role in the neighborhood, to ensure that the needs and goals of the neighborhood are integrated into future plans. schools, to identify areas of need, which will provide an opportunity to benefit the City and its residents.

#### **Rationale for Priorities**

The map on page 61 of this document shows the Census Tracts where 51% of the individuals meet the HUD low/moderate income standards of 80% or less of the area median income. This also shows areas that are in need of affordable housing options. Funded activities primarily occur in the targeted areas.

The Salvation Army Community Center serves as a focal point for the neighborhood. The City will continue to coordinate with them whenever possible.

# Obstacles to Meeting the Needs

To address underserved needs, the City of Madison will continue to work with partner funders and agencies to work on needs that are not being met. The City will continue to look for other sources of funds and work with others to utilize their dollars in ways to meet these needs.

The CDD staff are involved in a number of collaborative committees and teams that identify and address issues throughout the community. The City has also begun continues its efforts to better coordinate City CDD funded programs to more efficiently use GPR and federal funds to better serve the community. Given the limited amount of CDBG and other grant funding available, however, this will be a challenge. Over the past years, and particularly in 2013 with significant cuts in federal funds, it has been difficult to maintain existing services to meet the needs much less expand to meet new needs. In 20132014, it will be even more of an issue due to significant cuts that are anticipated in CDBG, HOME and ESG funding. In addition to the limited resources, regulations that control these resources often add to the cost and complexity of project administration. Supporting a project with multiple fund sources increases the complexity and reduces flexibility. The funding, contracting and procurement rules are challenging and not streamlined to be efficient and effective. CDD will work to improve systems to more efficiently manage these federal requirements. Work in this area will need to continue to eliminate the barriers to meet the underserved needs.

#### Sources of Funds:

- 5. Identify the federal, state, and local resources the jurisdiction expects to receive to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan. (92.220(c)(1))
- 6. If you plan to dedicate funds within a local targeted area, provide the boundaries of the targeted area and an estimate of the percentage of funds you plan to dedicate to target area(s). (91.220(f))
- 7. If your plan includes a Neighborhood Revitalization Strategy Area or Areas, please identify the census tracts for each NRSA and an estimate of the percentage of funds you plan to dedicate to the NRSA(s).
- 8. Explain how federal funds will leverage resources from private and non-federal public sources.
- 9. Provide a description of how matching requirements of HUD's programs will be satisfied.
- 10. If the jurisdiction deems it appropriate, indicate publicly owned land or property located within the jurisdiction that may be used to carry out the plan.

### **2013**2014 Action Plan Sources of Funds response:

#### **Sources of Funds**

The City of Madison will utilize the following funding sources to achieve the goals and objectives outlined in this One-Year Plan:

#### Formula Grants:

- Community Development Block Grant (CDBG)
- HOME Investment Partnership Program (HOME)
- Emergency Shelter Solutions Grants (ESG)

In addition to these funds, the City will administer State and local funds. Other funds include the Public Housing Capital fund, Low-Income Housing Tax Credits, Section 8 Housing Choice vouchers, the Affordable Housing Trust Fund, the McKinney-Vento Homeless Assistance Act funds and the Building Better Buildings Department of Green Madison Energy program.

#### Target Area Funding / NRSA

The City of Madison is not planning to dedicate funds to a local targeted area or a Neighborhood Revitalization Strategy Area in 20132014.

#### **Leveraged Funds**

The City of Madison will work with community agencies, neighborhood groups, private businesses, and public sector partners to leverage its community development resources where possible and appropriate, providing prioritization to projects that effectively reach more than one Action Plan goal, in order to achieve effective results. Based on the high local priority given to neighborhood centers, the traditional local funding provided to homeless services, and the Federal spending caps, City general revenue will continue to supplement key "public service" and homeless services projects, and provide an additional layer of support to insure that agencies paid "living wages" for people working on City-assisted projects. The City will also utilize HOME Match dollars, Green Madison Energy funds and Affordable Housing Trust Fund dollars in conjunction with Entitlement dollars to fund projects.

#### **Match Requirement**

The City of Madison will use the following sources to satisfy HUD's match requirement: City levy, UDAG loan payments and reported sub-recipient project match funds.

#### **Public Owned Land and Property**

The City of Madison will not use publicly owned land or property located within the jurisdiction to carry out the plan.

## Managing the Process

- **11.** Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.
- **12.** Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

## **2013**2014 Action Plan Managing the Process response:

#### **Lead Agency**

The City of Madison has designated the Community Development Division as the lead agency for the grant administration of the CDBG, HOME, and ESG programs. The CDBG Committee (made up of 11 Mayor appointed citizens – 3 of which are required to be LMI individuals or representatives of low or moderate income individuals) serves as the lead policy body overseeing the development of the community development plan and programs. The Division works with numerous community-based organizations and their partners, businesses, other funders and City of Madison departments to plan, develop, implement and evaluate activities covered in this plan.

### **Consultations and other Agencies' Involvement**

The Community Development Division, in coordination with the CDBG Committee, developed the 2013-2014 Action Plan by using the goals and objectives developed for the 2010-2014 Consolidated Plan. This plan was developed through the consultation from diverse groups and organizations (see Citizen Participation section for a specific list). Throughout these discussions several themes emerged which led to the development of the goals and objectives outlined in the plan. Affordable housing for renters and buyers, job creation, employee and business development, access to resources, and community focal points (i.e. neighborhood centers, community gardens) were identified as current and emerging needs in the City of Madison. In addition, the need for continued coordination and collaboration between agencies, local governments, other funders, other City agencies and the schools was also discussed.

The Committee also hosted three public hearings in 2013, the first in March, a second in August, and the third in October to further involve agencies and the general public in the development of the  $\frac{20132014}{2014}$  Annual Plan.

The Division regularly participates and coordinates with other funders such as United Way, Dane County Human Services and Housing Authority and CDBG Offices and service groups in the community. In addition, the Division regularly meets with groups including the Homeless Service Consortium, Third Sector Housing, Home Buyers Round Table, and various City ad hoc committees, such as the Gardens Development, Housing Strategy, Equal Opportunities, Planning, Economic Development and Community Services Committees to improve methods of delivery and initiate systematic improvements in certain service sectors. The CDD is also in regular contact with the City of Madison Community Development Authority (CDA).

#### **Collaborative Efforts**

In 20132014, the Community Development Division will continue to work more collaboratively with service providers, other funders, housing developers, the Dane County Public Health Department, the Madison Metropolitan School District, other City of Madison departments and Dane County to more efficiently deliver the City of Madison Community Development program. The City of Madison Community Development Division will take the following actions in 20132014:

- Meet guarterly with the neighborhood center directors.
- Meet twice a year with members of the Third Sector housing consortium, and as needed.
- Participate in the development and implementation of a citywide of a city housing policy which will guide decisions about the City's goals, priorities and investment strategies for the future.include public and private housing developers
- Work with the Madison Metropolitan School District to determine neighborhoods where schools can be used as neighborhood centers during off hours in areas that do not currently have centers. Two schools are in the process of being used in this manner for a limited number of hours.
- Participate as members of the Dane County Continum of Care and the Homeless Services Consortium. The Consortium includes providers of housing and services that focus on the homeless. Dane County Health and Human-Services and such health care providers as GHC, Meriter Hospital, Access Community Health, AIDS Resource Center and the AIDS Network. The Homeless Services Consortium also includes a Funders Committee which includes the major funders in the area.
- The CDD will work with various City departments, housing developers and housing service providers to develop strategies to improve fair housing and mitigate impediements. the Dane County Public Health Dept., Building Inspection, Energy and Civil Rights to improve the coordination of City services in such areas as fair housing, energy efficiency, lead paint issues and building code violations.
- Participate on the City of Madison Neighborhood Resource Teams. These teams have representatives from various City departments who focus on streamlining city services to targeted neighborhoods.

# Citizen Participation

- 13. Provide a description of the process used to allow citizens to review and submit comments on the proposed consolidated annual plan, including how the plan (or a summary of the plan) was published for review; the dates, times and locations of a public hearing, or hearings; when and how notice was provided to citizens of the hearing(s); the dates of the 30 day citizen comment period, and if technical assistance was provided to groups developing proposals for funding assistance under the consolidated plan and how this assistance was provided.
- **14.** Provide a summary of efforts made to broaden public participation in the development of the consolidated annual plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.
- **15.** Provide a summary of citizen comments or views on the annual plan.
- **16.** Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

## 2013 2014 Action Plan Citizen Participation response:

#### **Citizen Participation Process**

The CDBG Committee serves as a citizen participation resource for the community development program. The Committee is made up of 11 members including 3 Alders and 3 low to moderate income individuals. All members are appointed by the Mayor. The Committee is the lead policy decision making group for the overall program and involves citizens, community groups, non-profit agencies and businesses in the planning, selection and evaluation of the overall program.

The CDBG Committee meets as needed and provides time within its meetings for public comments and presentations. The Committee annually holds at least two public hearings

to assess the overall progress of its investment program, and to hear about future and emerging needs within the community.

#### **Efforts to Broaden Public Participation**

The CDBG Committee and CDD have initiated several efforts to broaden the outreach and participation of various community groups in the community development program:

- Provide an extensive website at <a href="www.cityofmadison.com/cdbg">www.cityofmadison.com/cdbg</a> to report on five year goals, annual projects and special issues. The site includes a means to directly comment on any aspect of the Plan or the program.
- Advertise in the community newspaper (Wisconsin State Journal) and in specific housing and business development issues of other local publications.
- Provide information to all City of Madison libraries.
- Provide staff representation on the 9 neighborhood resources teams, and regularly solicit comments on emerging community needs and suggest solutions from these teams that include both City staff and community members.
- Actively participate in various groups such as the Homeless Consortium, the Dane County Foreclosure Task Force, Home Buyers Round Table, and other groups related to housing issues.
- Meet quarterly with the neighborhood center directors to better understand emerging needs in neighborhoods throughout the City and develop effective strategies to meet these needs.
- Hold CDBG Committee meetings in the community and targeted neighborhoods.
- Hold service provider meetings in the community and targeted neighborhoods.
- Meet with service groups that work with underrepresented populations (i.e. La Sup).
- Provide interpreters at meetings as needed.
- Provide information in alternate formats as needed.

**Public Hearing** – This section will be updated after the October public hearing to include information gathered at that hearing. March 1, 2012 at 5:00 pm at the Madison Municipal Building Summary:

On March 1, 2012, a public hearing was held at the CDBG Committee meeting regarding the 2011 CAPER and 2013-2014 Program Funding Goals and Priorities. The public was notified of this meeting by an ad that was placed in the Wisconsin State Journal on February 17, 2012. The CDBG Office website also contained information about the meeting. In addition, an email was sent to all partner agencies, other funders in the community and other City departments. Citizens were given the opportunity to attend the meeting, send their comments by mail or email or contact the CDD Office by telephone.

No citizens provided comment at this public hearing.

Public Hearing — September 6, 2012 at 5:00 pm at the Madison Municipal Building On September 6, 2012, a public hearing was held regarding the 2013 Action Plan. The public was notified of this meeting by an ad that was placed in the Wisconsin State Journal on August 23, 2012. The CDBG Office website also contained information about the meeting. In addition, an email was sent to all partner agencies, other funders in the community and other City departments. Citizens were given the opportunity to attend the meeting, send their comments by mail or email or contact the CDD Office by telephone.

No public comments were made on the plan.

#### 30 Day Public Comment Period -

The draft 20132014 Annual Plan was made available to City of Madison residents both electronically and in hard copy. The paper format was available at all of the Madison Libraries and the CDD office.

#### **Conclusion:**

This section will be updated after the October public hearing to include information gathered at that hearing.

#### OCTOBER 4, 2012 CDBG Committee meeting

- One registrant provided comments to the 2013 Action Plan. Comments included the following main points:
  - Need to keep a focus on providing adequate funds for rental housing due to the high need in the community for affordable rental housing
  - Consider greater opportunities for public participation including the Homeless-Consortium
  - Consider broadening the anti-poverty strategy
  - Identified the City's current low vacancy rate and changes to state law as barriers to finding affordable housing.
  - Consider stronger interventions when hospitals discharge people directly to the streets.

### **Consultations and Other Agency Involvement**

The Community Development Division, in coordination with the CDBG Committee, developed the 2010-2014 Consolidated Plan with the consultation from diverse groups and organizations. Group and individual meetings, emails and telephone discussions were all had to solicit information and feedback from the following groups:

- CDBG Committee
- Affordable housing developers and providers including the Third Sector Housing Group
- Economic development groups (MDC, Latino Chamber of Commerce, Common Wealth Development)
- The Homeless Services Consortium
- Madison Metropolitan School District
- Dane County (Social Services, Housing Authority)
- Milwaukee Metropolitan Fair Housing
- Public Health
- Social Services agencies
- City of Madison Leadership and other departments (i.e. Building Inspection, Civil Rights)
- United Way
- Neighborhood and community centers
- Madison Area Builders
- La Sup (Latino Support Group)
- Chamber of Commerce
- South Federation of Labor
- City of Madison, Community Development Authority
- State of Wisconsin
- Department of Planning and Metro, Planning
- Urban League of Greater Madison
- Centro Hispano

Throughout these discussions several themes emerged which supported the drafted goals and objectives for the Community Development Division. Affordable housing for renters and buyers, job creation, employee and business development, access to resources, and community focal points (i.e. neighborhood centers) were identified as current and emerging needs in the City of Madison. In addition, the need for continued coordination and collaboration between agencies, local governments, other funders, other City agencies and the schools was also discussed. These goals and objectives continue to be relevant for the 2014 Action Plan.

#### Institutional Structure

17. Describe actions that will take place during the next year to develop institutional structure.

# **2013**2014 Action Plan Institutional Structure response:

In <del>2013</del>2014, the Community Development Division will:

- 1. Combine and coordinate resources in the Community Development Division and within the City overall. In addition, expand the Division's relationships with other local governments, private non-profits, businesses, stakeholders and other organizations.
- 2.—Complete a redesign of the Division website to include pertinent information for community-based organizations for planning and program implementation purposes, and for individuals seeking resources for community development.

  CreateMaintain a website for homeless programs and reviews.
- 3.2. 3. Continue to advocate for additional resources for a coordinated approach to community development and planning to address poverty issues, affordable housing, job creation and community revitalization initiatives.
- 4. Continue to participate in collaborative efforts with other funders, private sector groups and agency coalitions such as the Homeless Services Consortium, the Third Sector Housing group, the Dane County Foreclosure Task Force, the Home Buyers Round Table and such interdepartmental efforts as the Neighborhood Resource Teams and Equity Advisory Team.
- 5.—Work with those groups to nurture training and technology initiatives which address the strengthening of such capacity.

### Monitoring

- 18. Describe actions to be taken that will take place during the next year to monitor your performance in meeting goals and objectives set forth in your Consolidated Plan.
- **19.** Describe steps/actions to be taken during the next year to ensure compliance with program requirements, **including requirements involving the timeliness of expenditures.**
- 20. Describe steps/action you will use to ensure long-term compliance with housing codes, including actions or on-site inspections you plan to undertake during the program year.
- 21. Describe actions to be taken to monitor subrecipients (including sponsors or administering agents) during the next program year. This includes the monitoring of all programs, CDBG, HOME, ESG, or HOPWA, as applicable.

20132014 Action Plan Monitoring response:

**Monitoring CDD Performance** The CDD will ensure that all activities carried out to implement the 20132014 Action Plan comply with the requirements of the CDBG, HOME, ESG and other funding sources as required as well as achieve their performance objectives on schedule and within the prescribed budget. The CDD along with the

CDBG Committee will serve as the lead in the recording, monitoring and evaluating the City's progress in achieving the goals and objectives outlined in this plan. Presentations, updates, status reports will be presented monthly at Committee meetings. CDD staff will continually analyze the progress towards meeting the goals throughout the year. The CDD will do the following in  $\frac{2013}{2014}$ :

- 1. Fund projects that help to meet the goals outlined in the Consolidated Plan.
- 2. Write contracts that include goals that are related to the Consolidated Plan and provide regulatory requirements to ensure that the delivery of the program meets the funding source rules.
- 3. Work with funded project sponsors to ensure a strong understanding of compliance requirements and provide technical assistance as needed to ensure goals are attained.
- 4. Complete regular desk reviews of the program performance for each contract.
- 5. Complete on-site monitoring at agencies identified to be high risk.
- 6. Take appropriate action if performance goals and objectives are not on pace and meet as agreed to in the contract.

### **Timeliness of Expenditures and Sub-Recipient Monitoring**

Each agency receiving funding from the City of Madison had initially submitted an application outlining their proposal for which they sought fundswhich. if If the application is funded, it is then formalized through a contract which outlines all requirements, regulations, procedures and accomplishments. The agency will submit progress reports on a quarterly basis at a minimum. The specific reporting periods will be established with the contractual process. In addition, CDD requests and reviews additional materials that document compliance Reports will be reviewed for contract compliance with all regulations including administrative, financial and programmatic operations. Timely expenditure of funds will be reviewed on a continual basis to ensure compliance with program regulations. Individual meetings with the agency will occur as necessary to respond to questions or assess project progress. Depending upon the complexity of the project and the funding requirements, the City may provide orientation training and technical assistance to help improve successful completion of the project.

In addition to the monitoring requirements for each funding source, the Community Development Division staff will annually do a risk analysis on each agency to determine a CDD program onsite monitoring schedule for the year. This monitoring will include fiscal, programmatic, and regulatory controls and requirements. High-risk recipients include those that are new to the Community Development program, those with past difficulties in implementing a project and those with a significant funding allocation.

#### **Compliance with Housing Codes**

To ensure compliance with housing codes, for ownership properties, the Division will inspect properties using the City of Madison Minimum Housing Code prior to investing funds into the properties. In addition, all items that do not meet the code will be required to be repaired prior to the investment of funds. In the case of HOME funded rental properties, each property is inspected upon completion of the project to ensure compliance with City of Madison Minimum Housing Codes. In addition, each property will be inspected every 1-3 years depending on the number of units in a property. If deficiencies are identified, the repairs must be completed prior to the inspector doing a final clearance inspection to insure compliance. Onsite and desk monitoring of rental units also takes place every 1-3 years depending on the number of units in a property. Onsite monitoring consists of the review of 20% of the units every 1-3 years while desk

monitoring is completed on all units annually. Projects must follow CDD Rehab Standards.

# **Description of Activities**

\*If not using the CPMP Tool: Complete and submit Table 3C

22. The action plan must provide a summary of the eligible programs or activities that will take place during the program year to address the priority needs and specific objectives identified in the strategic plan. (Use of the Summaries Table and Project Worksheets or Table 3C/2A will be sufficient. No additional narrative is required.)

### Annual Affordable Housing Goals (91.220(g))

- \*If not using the CPMP Tool: Complete and submit Table 3B Annual Housing Completion Goals.
- \*If using the CPMP Tool: Complete and submit the Table 3B Annual Housing Completion Goals.
  - 26. Describe the one-year goals for the number of homeless, non-homeless, and special-needs households to be provided affordable housing using funds made available to the jurisdiction and one-year goals for the number of households to be provided affordable housing through activities that provide rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units using funds made available to the jurisdiction. The term affordable housing shall be defined in 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership.

#### **2013**2014 Action Plan Specific Objectives response:

In 20132014, the Community Development Division will focus on the following objectives in the housing area:

- Improve the quality of the existing owner-occupied housing stock to possibly include an energy conservation and sustainability component as well as support community stability and neighborhood revitalization efforts.
- Increase the opportunities for homeownership for low and moderate income through the provision of downpayment assistance.
- Expand the number of affordable rental units and improve the quality and diversity of units available to lower income individuals throughout the community.

HOME and CDBG funds will be utilized to fund the housing objectives stated above. In addition, please see the activity sheets starting on page  $\frac{12}{13}$ .

### **Needs of Public Housing (92.220(b))**

- **27.** Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.
- **28.** If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.

#### **2013**2014 Action Plan Public Housing Strategy response:

The Madison Community Development Authority (CDA) provides critical low-income housing and redevelopment resources to the City's residents and neighborhoods. The CDA is an independent semi- public agency with a dedicated funding stream for housing choice vouchers and low-income public housing from the Federal Department of Housing and Urban Development. It also is a body that has the powers of public financing, bonding and condemnation derived from the State Statutes.

The City has entered into agreements with the CDA to administer City rehab. loan funds and oversee several other redevelopment financing programs, including the TIF program and Capital Revolving Fund.

The staff administering the HUD, CDBG, HOME, ESG and related neighborhood development funds, works closely with other City employees staffing the CDA to design

programs, assess community trends, coordinate regulatory enforcement and improve services to residents. The staff of the City and the CDA have identified three ongoing major activities for 20132014:

- a. Marketing and educational efforts to increase the number of apartment owners participating in the housing choice voucher program;
- b. Continue to provide housing choice voucher holders with homeownership opportunities and resources offered through agencies and programs.
- c. Use place-based housing choice vouchers to reinforce neighborhood revitalization goals.

The Community Development Authority (CDA), the City's public housing agency, has placed a high priority on developing special programs to reduce the turn-over time for units, improve the long term maintenance program, and develop programs and services within each of the major housing complexes to serve the social, economic, recreational, and educational needs of its residents. Since the CDA has limited resources, they plan to apply for additional housing voucher funds when they become available in order to increase the affordable housing options for lower income households.

The CDA is governed by a Board of Directors, with two operating subcommittees. The CDA encourages resident participation and notices their meetings to residents and to the community at large, has resident representation on the subcommittees, and holds occasional hearings to gauge the needs and goals of its participants.

The CDA has also partnered with other lenders and private developers to construct single family homes on Allied Drive and purchase secure some deteriorated apartment complexes in the Bridge-Lakepoint-Waunona neighborhood and through a program of renovation and conversion, develop both new and remodeled apartment homes and condominiums for renovation and conversion to condominiums to encourage home-ownership for low and moderate income families. The CDA coordinates its program with the CDBG Office and other homeownership programs to link public housing tenants to homeownership opportunities whenever possible.

The CDA has outlined other major housing initiatives in its own Five Year Plan and Annual Plan available by request to the Housing Operations Unit (www.cityofmadison.com/housing).

The CDA has not been designated as "troubled" by HUD.

### **Antipoverty Strategy**

29. Briefly describe the actions that will take place during the next year to reduce the number of poverty level families (as defined by the Office of Management and Budget and revised annually), taking into consideration factors over which the jurisdiction has control.

#### **2013**2014 Action Plan Antipoverty Strategy response:

The Antipoverty strategy of the City is to promote the accessibility and availability of basic needs, employment, education, health care and family support services to lower income households to help them develop greater family independence and to promote neighborhood involvement, steps which will eventually lead to the reduction of poverty throughout the City.

The City has adopted five major strategies to achieve these goals of poverty reduction:

1. Market information about resources to poverty level households;

- 2. Refine housing assistance programs to better link such housing assistance to other helping resources, including self-help activities, such as community gardening, employment efforts, and case management services.
- 3. Improve City service delivery systems to become more responsive to neighborhoods where poverty-level families tend to reside and encourage goals, policies and practices which tend to involve these neighborhoods in the City's decision processes and revitalization efforts.
- 4. Increase economic development and employment and training opportunities.
- 5. Improve collaborative efforts between local governments, non-profits, schools and businesses.

In 20132014, the City will continue efforts begun earlier to work closely with residents, owners and community groups to address some of the emerging revitalization issues in the Southwest area, Leopold School area and the East Isthmus areas, as well as continue to support revitalization efforts in the Allied-Dunn's Marsh area. These efforts will continue to:

- Improve the public infrastructure within the areas.
- Continue to Support the 9 Neighborhood Resource Staff Teams (including representatives from CDBG, EOC, Public Health, Police, Community Services and Building Inspection).
- Increase effectiveness of the overall police law enforcement efforts to reduce criminal activity.
- Increase effectiveness of public health efforts to educate and improve the health of individuals and of the neighborhood.
- Stabilize the management of rental housing and the Meadowood neighborhood center in the greater southwest area.
- Complete expansion of the Meadowood neighborhood center in the southwest area and explore the possibility of the creation of a center in the Leopold area.
- Assess and refine the City's efforts to support resident involvement and empowerment in the community, including continued support of community gardens.
- Support efforts of owners and residents to reduce energy consumption through partnership efforts with the State of Wisconsin, Madison Gas and Electric, and Wisconsin Energy Conservation Corporation (WECC).
- Coordinate and collaborate programs and services with other funders, agencies, businesses, and neighborhood organizations.

The City's efforts will assist in reducing poverty by addressing emerging neighborhood needs. These efforts will bring additional services and opportunities to residents that may have been previously underserved or isolated.

#### **Barriers to Affordable Housing**

- **30.** Describe the actions that will take place during the next year to remove barriers to affordable housing.
- **31.** Describe the actions that will take place during the next year to foster and maintain affordable housing.

#### 2013 2014 Action Plan Barriers to Affordable Housing response:

The Community Development Division will continue to assist the City in developing strategies to remove barriers to affordable housing. The CDBG Office will continue to review its experience in the funding of affordable housing projects and where possible,

seek Council action to remove non-financial obstacles to the construction of affordable housing within the City. Specific efforts are detailed below.

The Community Development Division entered into an agreement with MSA Professionanl Services (consultants) for an **Analysis of Impediments to Fair Housing (AI)** study in 2011. We anticipate this study to be complete in late 2012 to early 2013. This study will assist in developing future strategies for eliminating barriers to affordable housing.

Note: This entire section has been rewritten.

This study was completed in late 2013, identified internal and external fair housing concerns and offered planning strategies that can be incorporated into the City's community planning and development processes and decisions. In 2014 the City will focus its efforts on developing those strategies that will help mitigate the impediments identified in the study. Specific impediments and actions recommended by the consultant are detailed below.

### 2013 Analysis of Impediments to Fair Housing Study Impediments and Recommended Actions

#### 1. Actions to alleviate Supply Impediments

- 1.1 Build more rental units
  - 1.11 Establish policies to maintain a 5% vacancy rate
  - 1.12 Encourage flexible development (condo or rental)
  - 1.13 Create programs or incentives (Vancouver as model)
- 1.2 Build more large rental units
  - 1.21 Offer incentives to encourage more large units

#### 2. Actions to alleviate Affordability Impediments

- 2.1 <u>Build more affordable units</u>
  - 2.11 Encourage affordable units within all parts of the City
  - 2.12 Encourage rehabilitation of existing affordable units rather than replacement by non-affordable units
  - 2.13 Encourage more non-traditional housing types (co-housing, etc.)

#### 3. Actions to alleviate Financial Impediments

- 3.1 More loans to minorities
  - 3.11 More credit and homebuying education
  - 3.12 More lender education to avoid predatory lending
  - 3.13 More post-purchase education to improve ownership experience

#### 4. Actions to alleviate Spatial Impediments

- 4.1 <u>Direct affordable housing away from lowest income neighborhoods</u>
  - 4.11 Resist neighborhood opposition to affordable housing
  - 4.12 Collaborate with CDA and WHEDA to prioritize certain neighborhoods
  - 4.13 Develop a Comprehensive Housing Strategy
  - 4.14 Adjust development review fees to tie the fee to the projected unit value or rental cost

- 4.2 Reduce commute times via Metro Transit
  - 4.21 Evaluate the routing system and pursue express service options
  - 4.22 Develop more housing along transit corridors
- 4.3 <u>Improve access to grocery stores</u>
  - 4.3.1 Encourage development and services that offer daily grocery access in all neighborhoods

#### 5. Actions to alleviate Administrative Impediments

- 5.1 Increase use of fair housing compliant procedures
  - 5.11 Simplify materials and emphasize ease and quick resolutions
  - 5.12 Optimize the City website to make it easy to find fair housing info
  - 5.13 Coordinate training to identify and direct housing-related complaints
  - 5.14 Add "Housing Discrimination" to the Report a Problem system
- 5.2 <u>Establish implementation strategies and responsibility</u>
  - 5.21 Establish clear implementation roles and responsibilities within DCPED
  - 5.22 Collaboration and coordination among DCPED, CDA, DCR
  - 5.23 Streamline and combine funding programs
- 5.3 <u>Prevent segregation of disabled residents in group homes</u>
  - 5.31 Consider revisions to number of residents allowed in Community Living Arrangements

During the next year, the City will also work on strategies to foster and maintain affordable housing starting with prioritizing the recommendations and related actions from the AI. Specifically, the Community Development Division will collaborate with the City's Economic Development Division, Community Development Authority, Housing Operations, Planning Division, Department of Civil Rights and other key City agencies to tackle the recommendations. The CDBG Office will continue to review its policies and practices around funding affordable housing projects and where possible, seek Council action to remove financial and non-financial obstacles to the development of affordable housing within the City. The City will continue discussions regarding priority uses for the City's **Affordable Housing Trust Fund.** These funds will make it possible for developers to create, rehabilitate or preserve more affordable units than with HUD funds alone.

The Community Development Division will meet periodically with Third Sector Housing, a group of nonprofit housing development agencies, to identify ways to improve the capacity of non-profit agencies for housing development, and to streamline various aspects of the funding proposal, contracting and procurement process, and ongoing project compliance requirements. Some of these recommendations will be reflected in the Program Funding Framework and guidelines and related contracts for future years. Some will be incorporated into the procurement procedures and policies for the development process.

#### **Lead-based Paint**

1 Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

#### 2013 2014 Action Plan Lead-based Paint response:

The City of Madison works to reduce lead-based paint hazards by requiring subrecipients to comply with the Lead-Based Paint requirements set forth in 24 CFR Part 35. This includes meeting the requirements for notification, identification and stabilization of deteriorated paint, identification and control of lead based paint hazards, and identification and abatement of lead-based paint hazards. The Protect Your Family From Lead in Your Home pamphlet developed by the EPA, HUD and the U.S. Consumer Product Safety Commission is also distributed. The City administered downpayment assistance programs are also required to comply with the Lead-Based Paint requirements.

The Wisconsin Department of Health and Family Services maintain an on-line database registry of properties that have been certified as Lead-Free/Lead-Safe. This Wisconsin Asbestos and Lead Database Online, known as WALDO, include housing (single-family and apartments) and child occupied facilities, such as day care centers, that meet the lead-free or lead-safe property standards established under the State Administrative Code.

The City and County Board of Health Environmental Health Division provides community education programs. Information about lead is incorporated into the nutritional counseling conducted at the WIC (Women, Infants and Children) Clinics held throughout the City and County. Evaluation of homes of children found to have elevated blood lead levels, as well as, consultation for renovation and remodeling are provide through this program.

The City and County Public Health Department and City Building Inspection staff will continue to coordinate implementation of a local ordinance designed to reduce lead paint removal and dust hazards to neighbors.

The CDD staff will also continue to educate realtors and lenders that we work with on the dangers of lead paint in the City of Madison housing stock.

#### **HOMELESS**

#### Specific Homeless Prevention Elements

\*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

- Please describe, briefly, the jurisdiction's plan for the investment and use of available resources and describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness by 20132014. Again, please identify barriers to achieving this.
- 3 Homelessness Prevention—The jurisdiction must describe its planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.
- 4 Discharge Coordination Policy—The jurisdiction must certify it established a policy for discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care, or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. (91.225 (c)(10))

#### **2013**2014 Action Plan Special Needs response:

**Use of Available Resources** 

The City of Madison has followed a strategy to: 1) prevent homelessness through eviction prevention efforts including City-funded financial assistance grants for rent in arrears and housing mediation, and 2) end homelessness through efforts to move people as rapidly as possible from homelessness into housing. The City outlined its priorities for preventing and ending homelessness and other activities geared to special needs populations in the Five Year Consolidated Plan. The City has also accepted the recommendations of the "Community Plan to Prevent and End Homeless in Dane County" developed by the Homeless Services Consortium which serves as the local CoC.

Annual funding decisions are made based on the objectives outlined in the Five Year Consolidated Plan, as well as the "Community Plan to Prevent and End Homelessness". The objectives outlined in the Five Year Plan are:

- 1. Provide opportunities which support the movement of homeless people and those with special needs into permanent housing; and
- 2. Provide prevention services for those at risk of homelessness and outreach services to connect homeless persons with housing and support services.

The goals outlined in the HSC's Community Plan are:

- 1. Provide support services to homeless and at-risk households to access and maintain stable housing.
- 2. Help homeless households by providing a short-term safety net with continuous support services with the goal of moving to stable housing as quickly as possible.
- 3. Provide an adequate inventory of affordable housing units for low-income households by creating new units and by making existing units affordable.

The City has long supported, and will continue to give preference to, projects that develop supportive permanent housing units throughout the community including Dane County. In 2013 the City partnered with the Community Development Authority to put together a plan to construct approximately 100 units of housing for homeless single adults. The City/CDA has been identifying possible sites in the downtown area to build 50 efficiency units; the target population will be chronically homeless single adults. Efforts include identifying a developer and service provider that will provide on-site support services. Activities in 2013 include completing a tax credit application. Both the City and Dane County have included funds in their capital budgets for planning and land acquisition. An additional 50 units are anticipated in 2015. The City recognizes that to serve long-term homeless adults with significant disabilities, the project must have onsite services as well as 24-hour staff coverage. Discussions have begun regarding how many of the units will be designated for chronically homeless individuals and what role a housing first/harm reduction model will play. Currently housing for chronically homeless has been based on a sobriety model. In 2012, The Road Home will purchase and renovate 16 units of supportive housing using HOME funds to house formerly homeless families with children. In 2012, Porchlight completed their Nakoosa Trail project with the assistance of HOME funds and SHP (Permanent Housing Bonus funds). This project includes 14 newly constructed units to replace the current, inadequate Safe Haven program as well as an additional 34 supportive permanent housing units for single adults with mental illness. This process started in 2008 with the closing of Defense Department property and the subsequent City transfer of buildable land in a second location to Porchlight.

The City of Madison uses GPR money to fund outreach to connect chronically homeless to housing and services through a contract with Porchlight. The City also supports the

PATH-funded outreach workers by providing financial assistance to help move homeless persons from the street into housing. Through a contract with Tellurian, outreach workers have funds available to pay security deposits and rent for single adults.

The City also uses GPR and ESG funds to continue a relationship with Lutheran Social Services' Off the Square Club which is a day-time center serving club members with mental illness. Porchlight's Hospitality House also receives GPR funds to offer a daytime resource for persons needing housing, transportation and employment, as well as the use of phones and computers. Porchlight also received GPR funds to provide support services to 250 formerly homeless residents of Porchlight operated housing.

In 2013, the Dane County Housing Crisis Hotline will be functional using GPR and ESG funds. Through an RFP process, Community Action Coalition of South Central Wisconsin was chosen to provide telephone access for persons experiencing a housing crisis. The model for providing coordinated intake and assessment is the result of a year-long effort by members of the HSC. CAC will provide information and referral to all callers; assessments by case managers will be completed for the pilot population which are households that have been homeless less than six months. As additional funds are available, the assessment services will be expanded to a larger group.

The City will conduct a Request for Proposals process in conjunction with its collaborative efforts with local homeless service agencies to secure State-administered ESG, Transitional Housing Program and Homeless

Prevention Program funds. By identifying specific projects through this process, the City is able to address the needs of the homeless population, tap the resources of County and community agencies and integrate the local service delivery systems. Eleven agencies are currently under contract with the City to provide supportive services through financial assistance, case management, housing mediation, legal advocacy and tenant education. While the HUD ESG funds represent a relatively small portion of the total resources within the local homeless services system, the City and providers combine a variety of resources to address the objectives in the Five Year Plan and the Community Plan. The largest portion of these funds is used to fund the RentAble Program through a contract with Community Action Coalition and the collaboration with nine HSC agencies. The agencies jointly determine how the funds will be allocated between eviction prevention (rent in arrears) and re-housing (security deposits, first month's rent) activities. They then determine how many "slots" each of the agencies will receive. Agencies then refer eligible homeless or at risk households to CAC to complete the assistance.

#### **Homeless Prevention**

The City uses ESG and state funds to contract with local non-profits to provide financial assistance, case management, housing mediation, legal advocacy and tenant education for households at risk of becoming homeless. The largest percentage of these funds is used to fund the RentAble Program through a contract with Community Action Coalition which collaborates with nine additional HSC agencies to provide rent in arrears and rental subsidies to help those at risk of homelessness to maintain their housing. The agencies jointly determine how the funds will be allocated between eviction prevention (rent in arrears) and re-housing (security deposits, first month's rent) activities. They then determine how many "slots" each of the agencies will receive contracts,

Tenant Resource Center for housing mediation at eviction court and with Legal Action of Wisconsin for legal services are also part of the projects funded with ESG and state funds.

In 2014, the City will initiate a review of Dane County Eviction Small Claims court data on evictions filed and a review of WISP for persons with a filed eviction who accessed shelter within 12 months. This is being done to better understand whether households who face an eviction will also be homeless. With limited public funding, the City wants to be effective with the funds made available to our non-profit partners. We want to get a better idea of which households facing eviction also end up utilizing emergency shelters. This will help use better target our prevention money.

CDD staff is a part of a team of medical and support services providers and funds in developing a team approach model to serve chronically homeless individuals who have long histories of police contacts and high use of crisis-related services which are expensive and not ultimately helpful in stabilizing this population. Some of the barriers for service are the reluctance of chronically homeless to engage in services and most housing programs currently operate on a willingness on the part of the individual to commit to sobriety and mental health.

#### **Discharge Policy**

The Homeless Services Consortium, through the CoC Coordinating Committee, has been in contact with the State Department of Corrections and the Department of Health Services, as well as Dane County Child Protective Services and the three local hospitals to ensure that homeless individuals are not discharged directly to the streets. Most of these entities are also members of the Homeless Services Consortium. The Dane County jail employs a Discharge Planner who works with inmates identified as having mental illness. As some of these inmates were homeless prior to incarceration, the jail staff can work directly with resources in the community in an effort to have the inmate connected at the time of discharge, minimizing the chance of a return to homelessness.

Prevention Program funds. The City uses ESG and state funds to contract with local nonprofits to provide By identifying specific projects through this process, the City is able to address the needs of the homeless population, tap the resources of County and community agencies and integrate the local service delivery systems. Eleven agencies are currently under contract with the City to provide supportive services through financial assistance, case management, housing mediation, legal advocacy and tenant education for households at risk of becoming homeless. ### Emergency Shelter Grants (ESG)

- **36.** If applicable, describe how the ESG matching requirements will be met.
- **37.** (States only) Describe the process for awarding grants to State recipients, and a description of how the allocation will be made available to units of local government.

#### **2013**2014 Action Plan ESG response:

The city of Madison requires that each ESG-funded agency provide a one-for-one match. A majority of the local agencies use program funding from Dane County Human Services and the United Way of Dane County as their match source. Agencies that use ESG funds to support shelter case management provide match in the form of volunteer hours. All agencies provide proof of match in the form of an award letter or contract at the time of application to the State for ESG funds. All agencies receiving ESG funds, whether through the State or from the City provide a letter with their last reimbursement request indicating their match amount, the source, the time the match is available and that the funds are not used as match for any other grant.

### NON-HOMELESS SPECIAL NEEDS HOUSING

### Non-homeless Special Needs (91.220 (c) and (e))

\*If not using the CPMP Tool: Complete and submit Table 1B.

\*If using the CPMP Tool: Complete and submit Needs Table/Non-Homeless Needs.

**38.** Please describe any supportive housing activities being undertaken to address the priority housing needs of persons who are not homeless (elderly, frail elderly, persons with disabilities, persons with HIV/AIDS, persons with alcohol or other substance abuse problems).

#### **2013**2014 Action Plan Specific Objectives response:

Dane County utilizes local, state and federal dollars as the lead public source for funding services to the special needs population. Dane County is the primary funder of residential and out-patient mental health and substance abuse treatment. The City of Madison provides assistance to this population through partnering with local non-profits to purchase existing housing or vacant land for building housing that is suitable for persons with physical and mental disabilities. The City has a long-term relationship with Movin' Out that develops rental housing and home-ownership opportunities for disabled persons, as well as Housing Initiatives and Goodwill Industries that provide supportive housing for persons with mental illness for non-homeless, as well as homeless populations.

Independent Living has received approval for HOME funds to construct service-rich housing for low-income elderly persons and is currently going through the site-approval stage. The City provides HOME and CDBG money to agencies that combine other funding such as Section 42, Section 202, Section 811, Shelter Plus Care and the proceeds from private fundraising to develop and operate affordable housing.

The City does not currently plan to use HOME funds for direct rental assistance, but may amend this plan to provide such an option if local conditions warrant such a move. The current priority is to use HOME funds to expand the availability and accessibility of housing stock designed to serve the housing needs of low-income persons with special needs.

The following activities will be completed in 20132014:

**Independent Living** – **Home Modification program** – 115 homes will be adapted to help people remain in their homes. Beneficiaries of this program include LMI elderly and people with disabilities.

**Movin' Out – Homeownership program –** 7 households with at least 1 member who has a disability assisted into homeownership. Beneficiaries of this program are LMI households having 1 person with a permanent physical, developmental or mental disability.

**Movin' Out – Rental program** – affordable rental housing may be acquired through Reserve or other funds to serve as affordable homes for LMI individuals where at least one member of the households has a permanent physical, developmental or mental disability.

**Housing Initiatives – rental program** – affordable rental housing may be acquired through Reserve or other funds for mentally ill, formerly homeless and individuals with substance abuse problems.

The proposed outcomes may change as additional funds become available throughout the year.

#### COMMUNITY DEVELOPMENT

### **Community Development**

- \*If not using the CPMP Tool: Complete and submit Table 2B, Table 1C Summary of Specific Objectives.
- \*If using the CPMP Tool: Complete and submit the Needs Worksheets/Non-Housing Community Development and Summary of Specific Annual Objectives Worksheets or Summaries.xls
- **39.** Identify the estimated amount of CDBG funds that will be used for activities that benefit persons of low- and moderate-income (an amount generally not to exceed ten percent of the total available CDBG funds may be excluded from the funds for which eligible activities are described if it has been identified as a contingency for cost overruns.)
- 40. CDBG resources must include the following in addition to the annual grant:
  - a. Program income expected to be received during the program year, including:
    - i. The amount expected to be generated by and deposited to revolving loan funds:
    - ii. The total amount expected to be received during the current program year from a float-funded activity described in a prior statement or plan.
  - Program income received in the preceding program year that has not been included in a statement or plan;
  - c. Proceeds from Section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives in its strategic plan;
  - d. Surplus funds from any urban renewal settlement for community development and housing activities; and e. Any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.
- 41. 

  NA If a jurisdiction intends to carry out a new CDBG float-funded activity, the jurisdiction's plan must include the following information:
  - a. For the program income included in 1(b) above, the jurisdiction should identify the month(s) and year(s) in which the program income will be received; and which of the following options it will take for each float-funded activity to address the risk that the activity may fail to generate adequate program income:
    - i. amend or delete activities in the amount equal to any amount due from default or failure to produce sufficient income in a timely manner. (If this option is chosen, the action plan must include a description of the process it will use to select activities to be amended or deleted and how it will involve citizens in that process), OR
    - ii. obtain an irrevocable line of credit from a commercial lender for the full amount of the float-funded activity. (If this option is chosen, information on the float-funded activity in the action plan must include the lender and the terms of the irrevocable line of credit), OR
    - iii. agree to transfer general local government funds to the CDBG line of credit in the full amount of any default or shortfall within 30 days of the float-funded activity's failure to generate projected program income on schedule.
  - **41.** Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs, public facilities, public improvements, public services and economic development. (Use of Table 2B or the Community Development Needs Table is sufficient, additional narrative is not required)
    - a. For activity for which the jurisdiction has not yet decided on a specific location, such as when a jurisdiction is allocating an amount of funds to be used for making loans or grants to businesses or for residential rehabilitation, provide a description of who may apply for the assistance, the process by which the grantee expects to select who will receive the assistance (including selection criteria), and how much and under what terms the assistance will be provided.
  - **42.** Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons. (**Use of Table 2B or the Community Development Needs Table and Summaries Table is sufficient, additional narrative is not required**)
  - 43. An "urgent need" activity may be included in the action plan only if the jurisdiction certifies that the activity is designed to meet other community development needs having a particular urgency because existing conditions pose a serious and imminent threat to the health or welfare of the community and other financial resources are not available.

#### **2013**2014 Action Plan Community Development response:

For 20132014, the City of Madison has placed a high priority on the expansion of economic opportunities for lower income persons through job creation and employment and training, on the creation and improvement of neighborhood-focused facilities that serve lower income neighborhoods, on the operation of neighborhood centers and community gardens, and on revitalization efforts that address higher priority needs within selected geographical areas within the CDBG Target areas.

Priority is reflected in part by the amount of resources targeted for each area. A balanced portfolio of

projects effectively implemented over a period of time will result in the most productive effect within the community. The City has developed these priorities over a period of time, based on census, demographic and market data, supplemented by numerous planning processes and public forums, as well as periodic evaluation of the effectiveness of current strategies and projects. These are complemented by discussions and other coordinated research efforts among other city and community funders.

To help families and neighborhoods address these needs and reduce these obstacles, the City has adopted the following non-housing community development objectives:

- 1. Help businesses and non-profits grow in ways that create new employment opportunities for lower income persons which expands economic opportunity and improves the quality of life for unemployed and underemployed individuals.
- 2. Assist micro-enterprises thrive to become the principal occupation of their owners or create jobs for lower income persons.
- 3. Connect residents to job training opportunities that lead to permanent employment that offers a living wage or greater.
- 4. Create, enhance or sustain the operation of neighborhood centers and community gardens that bring people of diverse backgrounds together, serve as neighborhood focal points, or provide residents with skills or opportunities that will lead to stronger neighborhoods.
- 5. Assist residents of designated neighborhoods identify opportunities and promote sustainable revitalization efforts. Encourage sustained, complementary and comprehensive revitalization efforts in selected neighborhoods.
- 6. Create or improve safe, accessible and well-maintained environments for the delivery of human and recreational services to the CDBG target population.

For 20132014, the Division is estimating \$1,528,317 \$1,600,041 in CDBG Entitlement funds and \$1,150,000 \$1,475,000 in program income will benefit low to moderate income people. In 2011, the program income totaled \$1,200,000. All previous program income has been included. The Division has not done any float-funded activities in previous years, nor received proceeds from Section 108 loan guarantees, no surplus funds have been received from an urban renewal settlement for community development and housing activities and no grant funds were returned to a line of credit. In addition, there will be no "urgent need" activities included in this plan.

The Division funds two agencies, Madison Development Corporation (MDC) and Wisconsin Women's Business Initiative Corporation (WWBIC), which provide business loans. Each agency has established loan underwriting guidelines and they each have a loan committee that reviews the loan application. In addition, Division staff review the commitments prior to the funding of the loan. With regard to who may apply for the loans, WWBIC targets microenterprises with a maximum loan amount of \$25,000 while MDC works with larger businesses. All businesses funded must be located in the City of Madison and job creation must occur based on the amount of the loan. If job creation goals are not met the borrower is subject to a financial penalty.

See pages 12-28 for 2013 funded activities.

#### **2013**2014 Action Plan HOME/ADDI response:

The Community Development Division will use the recapture option in 20132014. The HOME-acquisition and rehab programs administered through the CDBG Office will provide HOME funds to agencies to help them acquire, construct and/or rehab substandard single-family properties throughout the City. These agencies will be obligated through their City-HOME agreement to:

- Provide housing which has an initial purchase price and an estimated appraised value after repair that does not exceed 95% of the median purchase price for the area as determined by HUD;
- Recapture all of its HOME funds invested in homeownership activities. The City will expect to recapture a portion of the appreciated value of the original HOME investment on loans made prior to 2012, and recapture the loan amount plus a loan fee on loans made in 20132014. The loan fee will be determined annually by the staff based on the City's Finance Dept. formula for lending. Recapturing the funds may be accomplished through such measures as an agency right of first refusal, an agency's option to repurchase at a set price or a lease under a land trust concept. In the event of a voluntary or involuntary transfer of the property, the City will recapture the direct subsidy provided to the homebuyer. This direct subsidy is provided as downpayment assistance in the form of a 0% interest deferred payment loan. If the net proceeds from a voluntary or involuntary sale are sufficient to repay the amount of the HOME subsidy, the City shall recapture the balance due on the loan or 100% of net proceeds from the sale, whichever is less. If there are no net proceeds from the sale, no repayment is required to HUD. Net proceeds will apply to all existing and future promissory notes. Net proceeds are defined as the sale price minus superior loan repayment and any closing costs incurred by the homebuyer.
- Place a deed restriction or covenant, or some other mechanism, to enforce the recapture provisions on the properties.

#### **Tenant-Based Activities**

The City of Madison does not propose to use any of its HOME funds for tenant-based rental assistance but will rely on the State-funded ESG/homeless programs operated by the Community Action Coalition (CAC) and both the City's Community Development Authority and the County Housing Authority to do so.

#### Match Funds

The City intends to use repayments from earlier projects (not funded with CDBG or HOME funds) as a partial match toward the HOME match requirement. The City will also count other sources contributed to funded projects such as donations of land and material.

#### **Other Forms of Investment**

HOME Forms of Investment

The City contemplates using the following forms of investment for its HOME funds:

- 1. Loans deferred until sale or transfer or change in use of the property.
- 2. Homebuyer loan repayments will include a loan fee shared appreciation as established by the CDBG Committee. Agency loan repayments will be at 0% interest unless the CDBG Committee decides to add shared appreciation or a loan fee.
- 3. Agency loan repayments for rental properties will include either repayment of a pro-rated amount of appraised value based on the public investment or the amount of funds invested plus 2% accrued interest over the life of the loan.
- 4. Equity investments wherein HOME funds are retained within a project in a manner which maintains the provisions of the appreciated pro-rated value of the public investment. The City may also provide a loan to a non-profit agency to use as an equity investment in or loan to a

- partnership or specialized single-purpose trust which will develop and/or provide affordable housing.
- 5. Land-lease or community land trust arrangements, where the public entity or publicly-assisted entity retains ownership of the land and a group or eligible household leases the land for HOME- compatible purposes.
- 6. Lease-purchase arrangements, whereby the City or the CDA would lease the property to eligible households. Under this arrangement, the City/CDA may collect rent payments and escrow a portion of those payments for the household to use toward a down payment on the property and full ownership financing. The City expects that this form of HOME investment will require three to five years between use of HOME funds and the transfer of the title to the eligible household. Through submittal of this Action Plan and a separate letter, the City seeks HUD approval of a waiver to the standard HUD limit of three years for transfer of title and permission to initiate two lease purchase programs which may take up to six years to make this transfer. The City will submit a separate letter to HUD requesting such an arrangement.
- 7. Loans, construction loans or advances, with or without interest, on terms established to comply with the HOME program requirements.
- 8. Loan guarantee provisions to leverage private sector lending to HOME-eligible properties.
  - The City intends to use HOME funds in several programs to assist first time homebuyers to acquire ownership stakes in property as part of the City's stated goals.
  - The acquisition and rehab program administered through the Housing Development Fund process by the CDD will provide HOME funds to non-profits to help them acquire and rehab severely deteriorated properties throughout the City. These non-profits will be obligated through their City HOME agreement to place a deed restriction on the properties and institute measures such as a right of first refusal or an option to repurchase at a set price or a lease under a land trust concept. These arrangements shall require the establishment of a price which insures a fair return to the original owner but at a price which does not exceed the statutory limit of 30% of gross income of a family at 80% of the median income.

The CDD operates a downpayment assistance program using HUD HOME funds, as well as HUD ADDI program income funds. The City expects to comply with the requirements of the ADDI funds where those funds are used, but may vary certain conditions or standards from these ADDI regulations when it uses those other funding sources.

- 1. The City has worked closely with the staff of the Community Development Authority to coordinate marketing of the American Dream Downpayment Initiative program to tenants of public housing and holders of Housing Choice vouchers. The City has contacted lenders and realtors with an active track record in serving minority and lower income households to promote the American Dream program. The City and the CDA help co-sponsors a homebuyers' roundtable fair in the spring of each year as a way to promote homeownership and homebuyer education. The City and the Homebuyers Roundtable, made up of various lenders in Dane County, also co-sponsor an annual training for lenders and realtors about the various down payment assistance programs available through the City and Dane County. In addition to coordinating its efforts with the Madison CDA, the City has worked closely with
  - the Dane County Housing Authority to encourage potential ADDI applicants to enroll in homebuying education classes.
- 2. The City requires as a condition of the ADDI assistance that homebuyers successfully complete a certified homebuyer's education workshop prior to purchase. The City ensures that the dwelling unit is inspected for minimum housing code compliance and for lead paint, where age of the dwelling unit would make this applicable, and that results are shared with the potential buyer as part of the home purchase process.

For lower income households at greater risk, the City works closely with community groups like Movin' Out and Habitat for Humanity which provide additional levels of counseling and assistance to their participants, pre- and post-purchase.

For <del>2012</del> 2013, the CDBG Office proposes the following income determination process to become more aligned with industry standards and provide improved customer service:

• For each wage earning household member, third party employment verifications will

- berequired; one month of pay stubs will be accepted as alternative documentation.
- If the third party verification and one month of pay stubs are not adequate to determine income, the homebuyer will then be required to provide three months of pay stubs or the previous year's tax returns.
- If self-employed, 2 years of verifiable income must be presented.

#### **Minority Outreach**

Note: This entire section has been rewritten.

In each contract the City of Madison CDD enters into, the agreement includes a requirement for agencies to make a good faith effort to utilize minority and women owned businesses. In addition, the contract also includes specific sections to address the following issues: Equal Opportunity, Accessibility, Fair Housing, Section 3 and Minority Business Enterprise Requirements and Affirmative Action Requirements. Agencies are required to follow the regulations in the contract.

The City of Madison has contractual agreements with various non-profit housing agencies to develop rental housing funded with HOME dollars. As part of these contracts, agencies are required to submit an affirmative marketing plan for projects containing five or more HOME-assisted units. The agencies are required to receive approval from the CDD prior to renting the unit(s) and receiving their final disbursement. The CDD staff monitor the implementation of agencies' affirmative marketing plan as part of the receiving their final disbursement. The CDD staff monitor the implementation of agencies' affirmative marketing plan as part of the annual rental project compliance review.

The CDD also works extensively with the City of Madison's Civil Rights Department which operates a comprehensive Targeted Business Enterprise Program. The City provides information on its website, brochures are available and outreach is done to certify businesses.

The City of Madison has adopted an affirmative action plan and requires similar efforts from vendors, contractors and other firms with which it does business. The City has determined that it is not in the public interest to purchase goods and services from vendors and contractors unless they demonstrate that they have taken affirmative action to ensure equal employment and subcontracting opportunities.

It is the official policy of the City of Madison that as an overall goal, ten percent (10%) of the City's public works funds be expended with certified small business enterprises (SBE). This policy is designed to stimulate economic growth, promote the establishment of new businesses and provide employment opportunities. In addition, when the City expends funds provided to it by federal agencies, the City requires that contractors comply with applicable federal regulations governing the participation of minority business enterprises (MBE), women business enterprises (WBE) and disadvantaged business enterprises (DBE). Furthermore, it is the City's policy that all businesses, including those owned by minorities and women, be afforded the maximum feasible opportunity to do business with the City.

The bid document will specify which targeted business (MBE, WBE, DBE and/or SBE, or S3BE) is being targeted for a specific contract. In general, the targeted business type is determined by the source of funding. Public Works contracts estimated to cost \$100,000 or more that are funded solely with City dollars will have an SBE goal attached. Projects with federal monies will have a MBE, WBE and/or DBE and may have an S3BE goal attached, if applicable.

The MAD Certification Program is the targeted business certification program of the City of Madison. The program has been designed to perform the function of certifying targeted businesses for participation on City projects with targeted business goals. The definitions for the City's Targeted Business Certifications as as follows:

- **Small Business Enterprise (SBE)** an independently owned and controlled business with annual gross receipts of \$750,000 of less when averaged over the past three years.
- **Minority Business Enterprise (MBE)** an independent business 51% or more owned and controlled by racial/ethnic affirmative action group members.
- **Woman Business Enterprise (WBE)** an independent business 51% or more owned and controlled by women.
- **Disadvantaged Business Enterprise (DBE)** an independent business 51% or more owned and controlled by socially and economically disadvantaged individuals. Size restrictions as regulated by the U.S. Small Business Administration in 13 CFR apply.
- **Section 3 Business Enterprise (S3BE)** and independent business or non-profit organization which is a) 51% or more owned by Section 3 residents; or b) At least 30% of the permanent, full-time employees are currently Section 3 residents or were within 3 years of the date of first employment with the business concern; or c) Provides evidence of a commitment to subcontract in excess of 25% of all subcontracts to Section 3 Business Concerns.

#### SUMMARY STATEMENT

The City developed this document to describe its community-development-related strategies and to guide future decisions as these projects are implemented, assessed and modified for improved quality and effectiveness. The document is also designed to meet the requirements of the Department of Housing and Urban Development and to elicit comments and suggestions for improvement from Madison citizens for future actions.

The activities seek to improve those conditions that lead to a better community: healthy neighborhoods; affordable housing; growing employment and businesses; accessible human services; information resources; and effective program management. The resources described in this document are only a portion of the energy, vision and skill brought to bear upon the challenges facing Madison. This plan attempts to provide a framework for the allocation and organization of these public resources in ways which compliment the work of others within the community and together improve the viable urban community which embodies the goals of Madisonians.

### List of Agencies Serving Homeless & Those At Risk of Homelessness

Access Community Health.......Ken Loving, CEO,

Since 1982, Access Community Health Centers has been addressing the financial, cultural, and language barriers that prevent access to health care. As a not-for-profit charitable organization, they provide affordable and comprehensive primary medical and dental care at two Madison locations, as well as a clinic in Sun Prairie. Almost of patients are low-income, with almost one-half living with incomes below 100 percent of the Federal Poverty Level. More than one-half are uninsured, with the remainder having Medicaid, Medicare or private insurance. A sliding discount program makes services affordable to patients with the fewest resources.

Established in 1985, AIDS Network provides comprehensive, community-driven HIV/AIDS prevention and care services throughout **s**outh-central Wisconsin with offices in Madison, Beloit and Janesville. From its beginning as the Madison AIDS Support Network, a core value of the agency has been to provide prevention and care services through a network of local partners. The mission is to offer support, education and opportunities for the well-being of everyone touched by HIV/AIDS.

# <u>AIDS Resource Center of Wisconsin</u> (ARCW)...<del>Doug Nelson</del><u>Mike Gifford</u>, Executive Director, 1-800-359-9272

AIDS Resource Center provides leadership in serving persons who are HIV and AIDS infected with medical, social service, and educational efforts. For persons/families with HIV/AIDS who are homeless, ARCW provides assistance in: locating emergency housing, short-term financial assistance to help pay housing costs, placement in long-term financial assistance programs, and referrals to additional health and social services. ARCW tailors its housing program to help people with HIV as well as chronic mental illness or substance abuse issues. Individuals receive counseling, support services and rent assistance to reduce or eliminate behaviors that may prevent them from maintaining secure housing. ARCW owns and operates housing facilities in Milwaukee that include a 29-bed SRO building, a 6- unit three-bedroom apartment building for families, and a duplex with 2 three-bedroom units for families.

# ARC Community Services, Inc......Norman BriggsPaulette Romashko, Project Director, Director AODA Services, 278-2300

ARC provides residential, day treatment, and outpatient substance abuse and mental health women- specific treatment services, with a special day treatment program for pregnant and postpartum women. ARC, under contract with the Department of Corrections, also operates a 15 bed facility and a 12 bed facility for women and a 12 bed facility for women with infants. ARC is the site of an Urban/Rural Women's Alcohol and Other Drug Abuse Treatment Project charged with meeting the special needs of women with substance use disorders by emphasizing parenting education, vocational and housing assistance and coordination with other community programs.
