**Subject:** Neighborhood Meeting on Silk Exotic

Thank you for hosting a neighborhood meeting on this subject. As you can image as home owners in the area we are strongly against any adult entertainment. We realize one now exists but any expansion would not be welcome.

What does the City of Madison do to make sure there is not prostitution or sex trafficking occurring at the current establishment or at the new establishment? One could argue that the mere existence of the establishment constitutes sex trafficking.

I would encourage you both to do what ever is in your power to now allow any expansion or development of any adult entertainment sites in Madison.

Thank you for your consideration

Fred & Michelle Schaefer
