Hello Leah,

Please consider this email as an amendment to your Certificate of Appropriateness to allow for siding with a 5 ½" reveal on the rear addition, as proposed.

Thank you,

Hello Leah,

Is this just for the rear addition?

Best,

Hello PLLCApplications,

id like to make another amendment to the [1225 Spaight street](#) plan. the reveal for the siding was specified as 2 7/8" in our email correspondence, it was specified as 5 1/2" in the drawings. id like to clarify that we'd be going with the 5 1/2" reveal for the siding. just making sure that works for the committee,

thank you for your time

Leah Stargardter

Hello Leah,

Thank you for sending along the modified plans. Please consider this email as an amendment to the previously approved Certificate of Appropriates, with the change to add a landing to the rear stair system. I will save this email to our records to serve as proof of the amendment.

Thank you,

Meri Rose Ekberg *(she, her, hers)*

hello Landmarks Commission,

attached here is a revised copy of the plans for a proposed rebuild of the rear back porch located at [1225 Spaight Street](#). i was already issued a COA but we missed that by code the stairs coming off the back door must have a landing (because there's 3 steps down)

So here is the modified plan with a landing and then stairs leading out into the back yard. The deck will be made of pressure treated wood as well as the railing.

thank you for your time

Leah Stargardter
