LETTER OF INTENT

Project Name: Dane County Jail Consolidation

Construction Schedule:

Construction will likely occur in two phases: 1) Construction of the new addition, and 2) Renovation of the Public Safety Building. Construction is anticipated to start in Q1/Q2 2021 and be completed in Q3/Q4 2024.

Description of Existing Conditions and Project:

The Dane County Sheriff's Office (DCSO) currently has three facilities housing inmates. The project will consolidate the Public Safety Building (PSB) Jail, the City-County Building (CCB) Jail located on the 6th and 7th floors, and the Ferris Huber Center. The direction of this project is to add an addition on the south side of the existing PSB located at 115 West Doty St., Madison, WI, which was occupied in 1994. The addition will be located above a vehicular driveway which provides access to the existing Dane County Courthouse for judges, above the existing loading/unloading lot for the PSB, and above a vehicular driveway which provides access to DCSO parking below the PSB. The intent is for the PSB facility to remain operational during the project. Planning for any future use of the City-County Building Jail and the Ferris Huber Center are not part of this Project.

City records indicate that the existing Dane County Courthouse is constructed to the Capitol View Preservation Ordinance height limitation as described in Madison Zoning Code Section 28.134(3). It is the intent of the Project to construct the new addition to the PSB to the same Capitol View Preservation Ordinance height as the Courthouse.

The intent of the planned addition to the PSB is to match the existing floor levels of the PSB at the Sub-Basement, Basement, First, Second, Third, Fourth and Penthouse (Fifth) levels and to construction three additional floors, each with a mezzanine level.
