Subject: Traffic calming on Wheeler Road
Date: Wednesday, February 10, 2021 2:38:24 PM

Caution: This email was sent from an external source. Avoid unknown links and attachments.

This is a significant collector thoroughfare. Traffic flow should not be impeded. The expense is not justified. Snow removal becomes complicated and inefficient. The inevitable cycles of vehicular deceleration and re-acceleration lead to increases in noise, damage to vehicles, and also fuel consumption and emissions of greenhouse gases. I do not favor speed bumps or obstacles on any part of Wheeler Road, between Sherman and Kennedy; I will not vote for any Alder who supports such measures. We have much more important priorities in our City.
