RE: Consideration of a demolition permit to demolish a car wash and consideration of a conditional use in the Commercial Corridor-Transitional (CC-T) District for a new car wash at 3206 E Washington Avenue. [LNDUSE-2022-00074; ID 73204 and 73205]

Dear Jeffrey Natrop;

At its October 3, 2022 meeting, the Plan Commission approved your client's demolition permit and conditional use requests for the project located at 3206 E Washington Avenue. Prior to issuance of demolition or building permits for the project, the conditions of approval in the following sections shall be satisfied:

#### Please contact Timothy Troester of the City Engineering Division–Main Office at (608) 267-1995 if you have any questions regarding the following twelve (12) items:

- 1. The applicant shall connect to or extend public storm sewer connecting directly to a public storm structure that is either in the public sidewalk or terrace area, or inlet at the curb on the side of the street, adjacent to the development. Any storm lateral extension crossing any lanes of traffic or running longitudinally within a public street right of way for over 20ft, in order to connect to the public system, shall be considered a private storm sewer lateral and will require an approved and recorded privilege in streets agreement. (POLICY)
- 2. The property is a closed WDNR contaminant site (BRRTS# 03-13-548440 4 SEASONS CAR WASH). If contamination is encountered during construction, follow all WDNR and DSPS regulations for proper handling and disposal. Contact Brynn Bemis at bbemis@cityofmadison.com or 608.695.1385 with questions).
- 3. Proposed car wash may result in an increase in wastewater generated which may result in needing to upsize City sanitary sewer facilities. Applicant shall provide projected wastewater calculations to verify that no offsite sanitary sewer improvements are required as a condition for site re-development.

- 4. Obtain a permit to Excavate in the Right-of-Way for completing the improvements in the public Rightof-Way. The permit application is available on the City Engineering Division website at <u>http://www.cityofmadison.com/engineering/Permits.cfm</u>. As a condition of the permit a deposit to cover estimated City expenses will be required.
- 5. Madison Metropolitan Sewerage District (MMSD) charges are due and payable prior to Engineering sign-off, unless otherwise collected with a Developer's / Subdivision Contract. Contact Mark Moder (608-261-9250) to obtain the final MMSD billing a minimum of two (2) working days prior to requesting City Engineering signoff. (MGO 16.23(9)(d)(4)
- 6. Obtain a permanent sewer plug permit for each existing sanitary sewer lateral serving a property that is not to be reused and a temporary sewer plug permit for each sewer lateral that is to be reused by the development. The procedures and fee schedule is available online at <a href="http://www.cityofmadison.com/engineering/permits.cfm">http://www.cityofmadison.com/engineering/permits.cfm</a>. (MGO CH 35.02(14))
- 7. An Erosion Control Permit is required for this project. See Storm comments for permit specific details and requirements.
- 8. A Storm Water Management Report and Storm Water Management Permit is required for this project. See Storm comments for report and permit specific details and requirements.
- 9. Revise the site plans to show the location, depth, type, and size of existing and proposed private utilities (gas, electric, phone, steam, chilled water, etc.) in the project area or the adjacent right-of-way. (POLICY)
- This project will disturb 20,000 sf or more of land area and require an Erosion Control Plan. Please submit an 11" x 17" copy of an erosion control plan (pdf electronic copy preferred) to Megan Eberhardt (west) at <u>meberhardt@cityofmadison.com</u>, or Daniel Olivares (east) at <u>daolivares@cityofmadison.com</u>, for approval.

Demonstrate compliance with Section 37.07 and 37.08 of the Madison General Ordinances regarding permissible soil loss rates. Include Universal Soil Loss Equation (USLE) computations for the construction period with the erosion control plan. Measures shall be implemented in order to maintain a soil loss rate below 5.0 tons per acre per year. The WDNR provided workbook to compute USLE rates can be found online at <u>https://dnr.wi.gov/topic/stormwater/publications.html</u>

Complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website - as required by Chapter 37 of the Madison General Ordinances.

11. Prior to approval, this project shall comply with Chapter 37 of the Madison General Ordinances regarding stormwater management. Specifically, this development is required to submit a Storm Water Management Permit application, associated permit fee, Stormwater Management Plan, and Storm Water Management Report to City Engineering. The Stormwater Management Permit application can be found on City Engineering's website at <a href="http://www.cityofmadison.com/engineering/Permits.cfm">http://www.cityofmadison.com/engineering/Permits.cfm</a>.

The Storm Water Management Plan & Report shall include compliance with the following:

Report: Submit prior to plan sign-off, a stormwater management report stamped by a P.E. registered in the State of Wisconsin.

Electronic Data Files: Provide electronic copies of any stormwater management modeling or data files including SLAMM, RECARGA, TR-55, HYDROCAD, Sediment loading calculations, or any other electronic modeling or data files. If calculations are done by hand or are not available electronically, the hand copies or printed output shall be scanned to a PDF file and provided to City Engineering. (POLICY and MGO 37.09(2))

Rate Control Redevelopment: By design detain the 10-year post construction design storm such that the peak discharge during this event is reduced 15% compared to the peak discharge from the 10-year design storm in the existing condition of the site. Further, the volumetric discharge leaving the post development site in the 10- year storm event shall be reduced by 5% compared to the volumetric discharge from the site in an existing condition during the 10-year storm event. These required rate and volume reductions shall be completed, using green infrastructure that captures at least the first 1/2 inch of rainfall over the total site impervious area. If additional stormwater controls are necessary beyond the first 1/2 inch of rainfall, either green or non-green infrastructure may be used.

TSS Redevelopment with TMDL: Reduce TSS by 80% off of the proposed development when compared with the existing site.

Oil/Grease Control: Treat the first 1/2 inch of runoff over the proposed parking facility and/or drive up window.

Submit a draft Stormwater Management Maintenance Agreement (SWMA) for review and approval that covers inspection and maintenance requirements for any BMP used to meet stormwater management requirements on this project.

12. Submit, prior to plan sign-off but after all revisions have been completed, digital PDF files to the Engineering Division. Email PDF file transmissions are preferred to: <u>bstanley@cityofmadison.com</u> (East) or <u>ttroester@cityofmadison.com</u> (West).

# Please contact Julius Smith of the City Engineering Division–Mapping Section, at (608) 264-9276 if you have questions regarding the following six (6) items:

- 13. Show 10' Utility Easement Per Document 1810352 on proposed plan sheets.
- 14. Coordinate and request from the utility companies serving this area the easements required to serve this development.
- 15. Site has been surveyed and appears to be designed in the National Geodetic Vertical Datum of 1929 (NGVD 29). City of Madison Datum is North American Vertical Datum of 1988 (NAVD88) and is required under the Madison General Ordinance under Stormwater Management Plan Requirements 37.09(2)(f)8
- 16. Other than Survey sheet North arrow appears to only reference plan North. Include a reference from plan North to true North or correct North arrow.

- 17. Confirm locations of the boundary lines and/or existing features shown on the site plans. The relationship of the northwesterly boundary line and the Existing Retaining wall to remain do not appear the same on the provided survey and the site plans.
- 18. The address of the new car wash is 801 Melvin Ct. The site plan shall reflect a proper street address of the property as reflected by official City of Madison Assessor's and Engineering Division records.

## Please contact Sean Malloy of the Traffic Engineering Division at (608) 266-5987 if you have any questions regarding the following eleven (11) items:

- 19. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; vision triangles; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
- 20. The developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.
- 21. The City Traffic Engineer may require public signing and marking related to the development; the Developer shall be financially responsible for such signing and marking.
- 22. All parking facility design shall conform to MGO standards, as set in section 10.08(6).
- 23. All bicycle parking adjacent pedestrian walkways shall have a 2 foot buffer zone to accommodate irregularly parked bicycles and/or bicycle trailers.
- 24. The applicant shall adhere to all vision triangle requirements as set in MGO 27.05 (No visual obstructions between the heights of 30 inches and 10 feet at a distance of 25 feet behind the property line at streets and 10 feet at driveways.). Alteration necessary to achieve compliance may include but are not limited to; substitution to transparent materials, removing sections of the structure and modifying or removing landscaping elements. If applicant believes public safety can be maintained they shall apply for a reduction of MGO 27.05(2)(bb) Vision Clearance Triangles at Intersections Corners. Approval or denial of the reduction shall be the determination of the City Traffic Engineer.
- 25. The applicant shall provide a clearly defined 5' walkway from the front door to the public Right of Way clear of all obstructions to assist citizens with disabilities, especially those who use a wheel chair or are visually impaired. Obstructions include but are not limited to tree grates, planters, benches, parked vehicle overhang, signage and doors that swing outward into walkway.

- 26. "Stop" signs shall be installed at a height of seven (7) feet from the bottom of the sign at all Class III driveway approaches, including existing driveways, behind the property line and noted on the plan. All directional/ regulatory signage and pavement markings on the site shall be shown and noted on the plan.
- 27. One way operation of the site shall be secured by placing a "One Way" sign at the entrance and a "Do Not Enter" sign at the Exit.
- 28. Dimensions of the driveways shall be noted on the plan including the width of driveway and width of driveway flares or curb cut.
- 29. Note: The applicant shall be made aware that the current proposed plans for the Bus Rapid Transit (BRT) implementation show the removal of the Eastbound Left Turn movement at the Rethke/Melvin/E. Washington intersection.

## Please contact Jenny Kirchgatter of the Zoning Division at (608) 266-4429 if you have any questions regarding the following ten (10) items:

- 30. The car wash shall be screened along the northeast and northwest property lines with a minimum sixfoot high (6) masonry or decorative wood fence. Provide details of the existing or proposed screening wall or fence.
- 31. Along the northwest property line that abuts a residential zoning district, a planted area shall be provided. The planted area shall have a minimum width of eight feet and shall be planted with a minimum of one shade tree per fifty (50) linear feet and one shrub per four (4) linear feet. Update the landscape plan to provide the required landscape buffer and plantings.
- 32. Section 28.185(9) requires that every applicant for a demolition or removal approval that requires approval by the Plan Commission is required to get a Reuse and Recycling Plan approved by the City Recycling Coordinator, Bryan Johnson at <a href="mailto:streets@cityofmadison.com">streets@cityofmadison.com</a> prior to receiving a raze permit. Every person who is required to submit a reuse and recycling plan pursuant to Section 28.185(9) shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
- 33. The car wash facility shall comply with the supplemental regulations Section 28.151 Car Wash.
- 34. Bicycle parking for the car wash facility shall comply with the requirements of Sections 28.141(4)(g) and 28.141 (11). Provide a minimum of two (2) short-term bicycle parking stalls located in a convenient and visible area on a paved or pervious surface. Bicycle parking shall be located at least as close as the closest non-accessible automobile parking and within one hundred (100) feet of a principal entrance. Note: A bicycle stall is a minimum of two (2) feet by six (6) feet with a five (5) foot wide access area. Provide a detail of the proposed bike rack.

- 35. Submit the landscape plan and landscape worksheet stamped by the registered landscape architect. Per Section 28.142(3) Landscape Plan and Design Standards, landscape plans for zoning lots greater than ten thousand (10,000) square feet in size must be prepared by a registered landscape architect.
- 36. Provide details showing that the East Washington Avenue primary street façade meets the door and window opening requirements of Section 28.060(2)(d). For nonresidential uses at ground floor level, windows and doors or other openings shall comprise at least sixty percent (60%) of the length and at least forty percent (40%) of the area of the ground floor of the primary street facade. At least fifty percent (50%) of windows on the primary street facade shall have the lower sill within three (3) feet of grade.
- 37. Exterior lighting shall be provided in accordance with City of Madison General Ordinances Section 10.085. Provide an exterior lighting photometric plan and fixture cut sheets with the final plan submittal.
- 38. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.
- 39. Signage approvals are not granted by the Plan Commission. Signage must be reviewed for compliance with Chapter 31 Sign Codes of the Madison General Ordinances and Chapter 33 Urban Design District ordinances. Signage permits are issued by the Zoning Section of the Department of Planning and Community and Economic Development.

# Please contact Bill Sullivan of the Madison Fire Department at (608) 261-9658 if you have any questions regarding the following item:

40. Confirm the need for an address update to Melvin Ct with City Engineering.

### Please contact Brad Hofmann of the Forestry Division at (608) 267-4908 if you have questions regarding the following item:

41. On this project, street tree protection zone fencing is required. The fencing shall be erected before the demolition, grading or construction begins. The fence shall include the entire width of terrace and, extend at least 5 feet on both sides of the outside edge of the tree trunk. Do not remove the fencing to allow for deliveries or equipment access through the tree protection zone. Add as a note on both the site and street tree plan sets.

# Please contact Jeff Belshaw of the Madison Water Utility at 261-9835 if you have any questions regarding the following item:

42. Update Utility Plan to indicate if the proposed building will be using the existing water service or if new one will need to be installed. Also indicate the size of the proposed water service.

3206 E Washington Avenue LNDUSE-2022-00074; ID 73204 and 73205 October 6, 2022 Page 7

### Please contact Tim Sobota, Metro Transit, at (608) 261-4289 if you have any questions regarding the following four (4) items:

- 43. The applicant shall maintain or replace the accessible bus stop boarding pad & shelter at the Metro bus stop zone that is on the north side of E Washington Avenue, east of Melvin Court.
- 44. The existing curbside bus stop zone and accessible pedestrian sidewalk, terrace area and shelter on the north side of East Washington Avenue, east of Melvin Court, provide critical access to the City's transit operations, and any planned or permitted obstruction of the existing bus stop zones in excess of thirty (30) days may require additional right-of-way improvements and/or other mitigation measures in coordination with Traffic Engineering and Metro Transit staff in order to create an alternate bus stop zone that would serve the Park Street at Regent Street intersection area in a comparable operational and accessible manner.
- 45. The applicant shall include the location of these transit amenities on the final documents filed with their permit application so that Metro Transit may review the design.
- 46. Metro Transit operates daily all-day transit service along East Washington Avenue adjacent this property -with trips at least every 30 minutes.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

<u>No</u> interior, exterior or structural demolition or wrecking activities or remodeling activities (including material reclamation activities by the applicant or a third party) shall commence nor any wrecking or building permits be issued until the applicant has met all of the conditions of approval stated in this letter.

Please now follow the procedures listed below for obtaining permits for your project:

- 1. After the plans have been revised per the above conditions, please one (1) complete digital plan set in PDF format of complete, fully dimensioned, and to-scale plans; the appropriate site plan review application and site plan review fee pursuant to Section 28.206 of the Zoning Code; and any other documentation requested herein the Zoning Administrator to at SPRApplications@cityofmadison.com. (Note that that an individual email cannot exceed 20MB and it is the responsibility of the applicant to present files in a manner that can be accepted. Please email SPRApplications@cityofmadison.com regarding questions or if you need alternative filing options. The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
- 2. The site plan review fee pursuant to Section 28.206 can be mailed in, dropped in the drop box at the Madison Municipal Building, or you can make an appointment at the Zoning counter to pay the fee. Checks should be made out to "City Treasurer." If you mail in the check or use the drop box, please include the application form with the project address and contact information. Zoning staff typically suggest using the drop box or making an appointment with the Zoning counter to pay the fee as they are the quickest.

Mailing Address: City of Madison Building Inspection. P.O. Box 2984. Madison, WI 53701-2984

**Drop Box Location:** Madison Municipal Building, Doty Street Entrance. 215 Martin Luther King Jr Blvd. Madison, WI 53701-2984

Zoning Counter Appointment: <u>https://www.cityofmadison.com/dpced/bi/schedule-a-counter-appointment/3423/</u>

- 3. This letter shall be signed by the applicant and property owner (if not the applicant) to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting building permit approval. [Signature block on last page]
- 4. City Agencies who submitted conditions of approval will review your revised plans to verify that their conditions, along with any applicable requirements, have been satisfied. When the revised plans are submitted, the applicant will be emailed a hyperlink to a website to follow, in real time, which agencies have reviewed the revised documents, and signed off or need additional information.
- 5. Approval of plans for this project does not include any approval to prune, remove or plant trees in the public right-of-way. Permission for such activities must be obtained from the City Forester, (608) 267-4908.
- 6. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
- 7. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. No alteration of a conditional use shall be permitted unless approved by the Plan Commission provided, however, the Zoning Administrator following consideration by the alderperson of the district, may approve minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the Plan Commission and the conditional use standards. This approval shall become null and void one (1) year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within 6 months of the issuance of said building permit. Where the plans have not been altered from the Plan Commission's approval, and the conditional use has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use permit.

3206 E Washington Avenue LNDUSE-2022-00074; ID 73204 and 73205 October 6, 2022 Page 9

If you have any questions regarding obtaining your demolition or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at (608) 261-9135.

Sincerely,

Chin Wells

Chris Wells Planner
