

NOTICE

Sewer Lateral Backwater Valve Maintenance

This property has an **external valve** on the sewer lateral to prevent sewage from backing up into the building. Remove backwater valve prior to cleaning sewer lateral. Valve will be damaged if it is not removed. Annual cleaning of backwater valve is recommended.

Contact City Engineering at (608) 266-4751 with questions.

Sewer laterals, backwater valves, and the associated maintenance are the responsibility of the property owner.

Valve Location: _____

NOTICE
