Dear Transportation Commission- Yesterday I learned about plans to install speed bumps on Jackson Quarry Lane. I would like to express my fullest support for these plans, as I think it would make this part of the neighborhood a much safer and quieter place.

Since children cross Jackson Quarry Lane between the Harmony Apartments and Galaxy Park all the time, including speed bumps on the road would greatly reduce the potential for future accidents (frankly, I'm surprised no serious accident has happened yet). In addition, since I live directly across from Jackson Quarry Lane at the intersection with Milky Way, I am concerned that someone speeding on Jackson Quarry Lane may lose control over their vehicle someday and crash into my living room. And lastly, reduced speed on Jackson Quarry Lane would also reduce noise pollution, which can be especially annoying at night for all neighbors in the vicinity.

Thank you for your consideration  
-Tim Gassenheimer, PE
