Hello,

I would like to write in support of the Hammersley Rd redesign and the proposed change to the Hammersley Whitney Way intersection. I live west of Whitney Way and south of Hammersley. I both drive and bike through that intersection. I am in full support of moving towards prioritizing the safety and convenience of bike and pedestrian traffic through that intersection, even if it means losing the left turn onto Whitney Way from Eastbound Hammersley. Right now, while cycling I cross Whitney Way at Barton Rd, even though Hammersley would be more convenient to get to the SW Commuter Path.

Thank you!

Sarah Smith
