Hello,

I am writing in support of safety measures for speed reduction and pedestrian safety on Westfield Road at Walnut Grove Park. I heard that speed humps, reduced speed limit, and painted crosswalks have been proposed for that area and I am very much in favor of these additions. I live on Greenhaven Circle just off of Westfield and I worry about the safety of my kids as they cross the street from their bus stop on Westfield. I worry about all the families in the neighborhood being able to safely cross the street to get to the park as cars come speeding around the curves in the road. I worry about the dogs and their owners who come and go from the dog park. On days when many cars are parked on both sides of Westfield for soccer games and other park activities, it is very difficult to see cars coming. We need street and traffic modifications in place to keep everyone safe!

Thank you for your consideration.
