Madison Children's Museum owns its entire lot, which includes the entire 5 story 62,000 sf building and the 10,000 sf back lot

(8'unclimbable fence), partly covered by a 16'x16' loading dock.

Alcohol is sold within the boundaries of the museum, on any of the five public levels, varying with the size of the event. Bars are temporary setups, and all alcohol is retrieved and then returned to a locking liquor closet on the private facility area level. Three public levels -Wilderness,

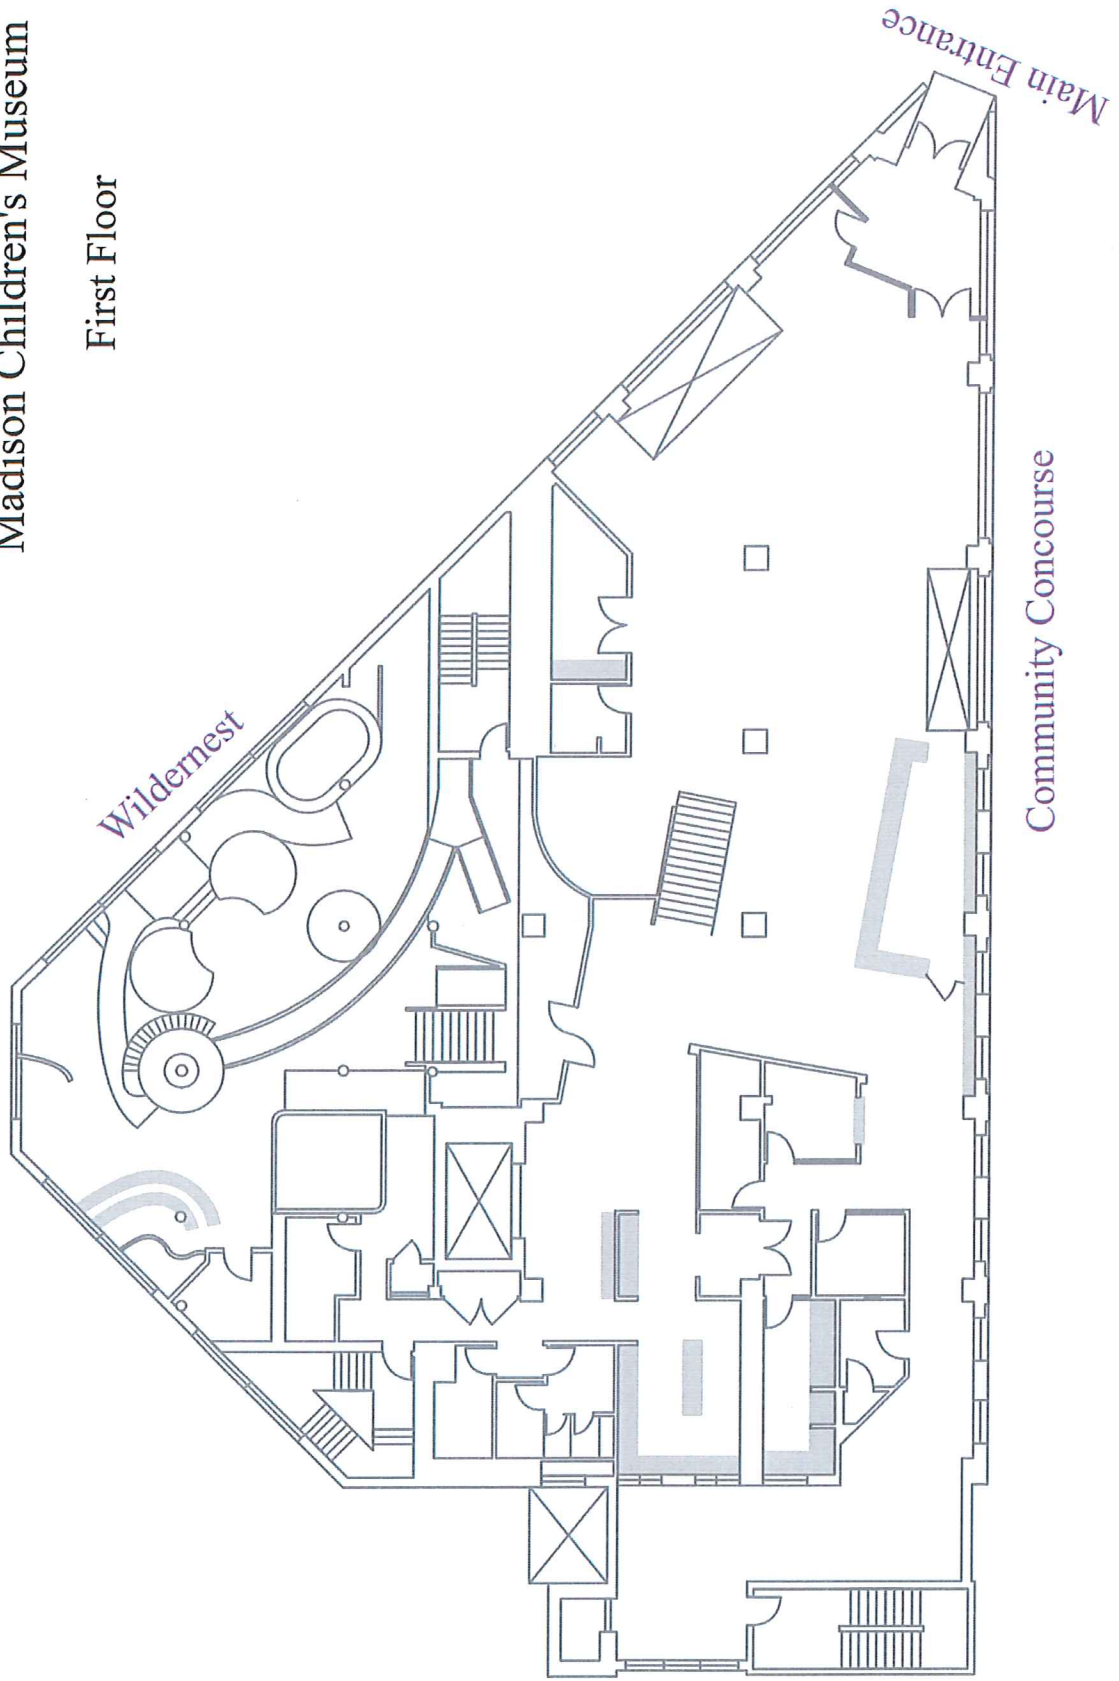

1st Floor Concourse, and 2nd Floor are indoors. Two public levels are outdoors - Wonderground and Rooftop Ramble and these are only

accessible through a museum admission entrance (locked gate or door). Alcohol is delivered to the locked loading dock doors and received into private space, and then the locked liquor closet only by the liquor license holder personnel.

Seating is available throughout the museum indoor and outdoor spaces, in the form of chairs, sculptures, rocks, and steps.
