

Employee Recognitions May 2010

To: Lady covering phone @
your office. (water Dept.)
Thank you so much
for being so kind and
helping me get the
credit for the water leaking
problem. I still have
no idea how long that
leakage went on. The
plumber told me the outside
faucets that I had
were problematic. so
he put a different brand
on both outside faucets.
I appreciate so much
your compassion and
help with that problem.
Thank-You &
God Bless you -
sincerely Bonnie
MacKee

Employee Recognitions May 2010

Ms. Lea Heine
602 Sawyer Ter, Apt. 826
Madison, WI 53705

IN 1776 at the University of Wisconsin, Madison campus was fulfilled without delay by the victorious Patriot and Snowed party. The statue was first erected on frozen Lake Mendota in February, 1979. Torched by vandals its first year, it was re-built and an improved, more life-like statue appeared the following year.

Dear Sir,

Thank you for your excellent report. I did read it. At 98 years of age it was good to know that here in Madison we have the best in water quality that can be obtained.

Sincerely
Mrs Lea Heine
