To Jim Wolfe, Chris Petykowski and Transportation Commission:

I wanted to let you know before tonight's TC meeting, that on February 28, 2022 the Spring Harbor Neighborhood Association met and created an Adhoc Committee to "represent the Association (SHNA) as it relates to the Lake Mendota Drive reconstruction project."

So along with my duties as Chair of Development and Planning for SHNA, I was also appointed Chair of this committee and other members have also been appointed from different areas of the neighborhood, namely Leslie Herje, Faith Fitzpatrick and Matt Seib. Others will be appointed/join to round the group out and I will share their names with you as they accept.

Attached is a Resolution that was passed as well. It has been difficult for the neighborhood to respond to the City's plans in a coordinated manner and hopefully the formation of this Adhoc Committee will help along with slowing down the process enough to allow us to have an organized and reasonable dialogue. I am optimistic that we can do a great job on this project if we spend the right amount of time on it, especially during planning.

Thank You,

Tom Kneubuehl
