#### City of Madison, Wisconsin

	SUBSTITUTE RESOLUTION	Presented <u>May 4, 1999</u> Referred <u>Hausing Cint</u>
	statement of housing diversity policy and ation strategies for the City of Madison.	Rereferred Hausing Count (6-15) (6-3) Hausing Counts 2-1-00 (11-3) Hausing Count (2-1)  Reported Back 6-15-99, 8-3-99, 11-2-99, 2-1-00, 3-21-00, 4-11-00  Adopted X POF
Drafted by:	Hickory R. Hurie and Brad Murphy, Department of Planning and Development	Rules Susp Tabled Public Hearing
Date:	April 21; 1999	APPROVAL OF FISCAL NOTE IS NEEDED BY THE COMPTROLLER'S OFFICE
Fiscal Note:	This is a statement of policy which creates a direction for future decisions. It does not generate a specific cost or impact.	Approved by
SPONSORS:	Alds. Bellman, Onken, Olson, Borchardt, Bruer, Kiesow, Holtzman and Poulson	Comptroller's Office  RESOLUTION NO. 57160
		ID NUMBER25465

WHEREAS, segregation of any population group to specific locations may be detrimental to the welfare of the people within the City, including the particular group, by impeding social and economic interactions between all segments of the community; and

WHEREAS, it is a goal of the City of Madison, as stated in the City's Land Use Plan and Fair Share Housing Plan, to promote integration of diverse racial, income, disability and other groups which occur among its population; and

WHEREAS, a goal of the City is to enhance and permit an individual's choice in where they choose to live, a goal cod ified and required in Federal law and local ordinance which provide for equal treatment and prohibit discrimination; and

WHEREAS, choice in housing for certain distinctive residential living arrangements and diversity in the location of available housing stock are both essential to the achievement of these municipal goals; and

WHEREAS, the City of Madison has within it state-licensed, community-based residential facilities, a type of living arrangement defined in §46.03 Wis. Stats., which are dispersed throughout the area; and

WHEREAS, the City of Madison has within it emergency and transitional facilities for homeless persons which have tended to concentrate in areas with less expensive housing, including C.T. 17 and 19; and

WHEREAS, there is a perception in these neighborhoods that there is, in fact, a concentration of such places which, in and of itself, impedes the social integration of residents of emergency and transitional housing into these neighborhoods; and

WHEREAS, the City of Madison has within it publicly-assisted housing which has tended to locate in areas with less expensive housing and land, such as C.T. 14.01, 22 and 23, and therefore a case has been developed and adopted in the City's Fair Share Housing Plan which provided for scattering such publicly-assisted family housing throughout the City; and

WHEREAS, the market reasons for the siting of the above referenced types of housing facilities have been identified as low initial land and housing cost, access to transportation, ease of access to supportive human services, and proximity of

WHEREAS, impediments to broader choice of location by operators of such facilities which, if removed, might lead to a greater scattering of such special needs housing, include high initial land and housing costs, discrimination in the selling of such housing, greater levels of active neighborhood opposition, inaccessible housing stock and zoning limitations, distance from transportation, shopping and recreational amenities, or inaccessibility of supportive human services;

NOW, THEREFORE BE IT RESOLVED, that the City of Madison adopts the following strategies intended to achieve housing diversity within the City, among all of its neighborhoods, thereby facilitating the social integration of all segments of the community.

### STRATEGIES TO REMOVE OBSTACLES TO HOUSING CHOICE:

- <u>City Enforcement of local ordinances</u> and public education concerning local, State and Federal laws prohibiting discrimination in housing on the basis of the protected classes.
- <u>City encouragement and monitoring of County enforcement of County fair housing ordinances</u> prohibiting
  discrimination. City recognition and encouragement of County efforts to promote affordable housing and
  the diversification of housing choice within the County, particularly its smaller cities and towns.

### STRATEGIES TO FACILITATE GREATER CHOICE:

- <u>City promotion of housing counseling and information about vacancies and availability</u>, including the
  development of more affirmative real estate marketing to targeted groups which through their individual
  choices promote housing diversity.
- <u>City administration of a scattered site acquisition fund</u>, to assist non-profit groups which endeavor to locate community-integrated special housing in City areas where land and building costs are high or where other factors discourage siting of such facilities. These special housing facilities shall include the following: supported apartments under the State Community Options Program, congregate living arrangement sites which serve not more than 5 unrelated people. These special housing facilities shall include community living arrangements and transitional housing with seven or fewer dwelling units.
- <u>City cooperation with the County, the Greater Madison Board of Realtors, the Madison Apartment Association and private operators of such facilities</u> to develop technical assistance to housing groups to help them in their search, selection, creation and management of affordable special residential facilities, and to better coordinate support service planning where appropriate.
- <u>City promotion and enforcement of accessibility standards</u> in housing, transportation, and the siting of
  public and community service accommodations which will assist in integrating persons with special needs
  throughout the City.
- <u>City research and monitoring of the effects of special needs housing on areas</u> surrounding these special facilities.

FURTHER BE IT RESOLVED, that the Department of Planning and Development, with adequate resources, should work to review every 4 2 years the public policies and information concerning the concentration of special housing within the community, monitor efforts to integrate such housing into all Dane County communities and develop recommendations to further the goals of housing choice and housing diversity, and to report on progress to the Common Council, Housing Committee, and other housing-related City policy groups.

BE IT FINALLY RESOLVED, that the City recommends that the Housing Committee work cooperatively with the County's Housing Committee to pursue these strategies and to annually discuss special housing trends and the integration of the full range of housing into all communities.

Moorland Road Proposal

## Hi Kevin,

I should've emailed you sooner with my concerns about the property at 1108 Moorland Rd. I am hopeful that you will be able to present my concerns at the 10/1/12 public hearing.

I live a few houses away from 1108 Moorland and would vouch that this property is a constant source of noise and disruption. There are many vehicles from this property that have super-bass speakers that VIBRATE my house's walls multiple times every day at all hours of the day. The noise deterred a possible home buyer a few more houses away than mine. There is frequently noise, yelling and fighting coming from this site. People congregate and socialize in the parking lot with music blasting. One time a 5-6 year old boy crossed busy Moorland to play with my son. After an hour I walked him home. He lived in one of the farthest apartments and his grandma didn't even know he was gone! A dangerous situation all around. This past July an adult female and ~6 kids came to my house and asked if they could light fireworks in my driveway! I said 'no'. I told them since it's past 10p my neighbors wouldn't appreciate it and that there was fire ban/caution in effect. So they went back to their apartment parking lot and set off the fireworks!

I fear that by expanding the number of units at this property and providing a clubhouse and basketball area would only increase the current problem and be detrimental to our neighborhood. How are the owners going to address the noise and behavior issues? I would love for a friendlier and more peaceful neighborhood! Kevin, can you email me back to let me know that this info will be presented? And the outcome?

Thank you! Sincerely, Darcy Acker

Should we contact you?:

Message:

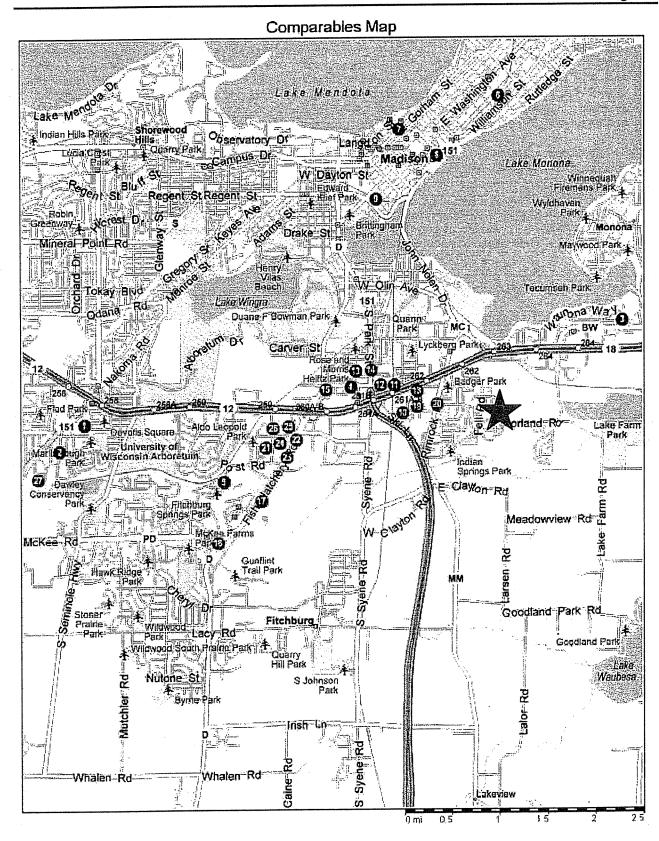

Dear Alderman Bruer.

I am a constituent. I am contacting you to say that I do not agree with the development plans for several reasons. Many other residents do not, as well. However, when I tried to start a petition, everyone but two people were afraid to sign.

Most people living here are working poor. The buildings aren't in the greatest shape possible, but they're really not that bad. Many neighbors have been staying in touch and we ran most of the less desirable people out. I can take my dog out for the last time at night and not be approached by a drug dealer.

I know that many section 44 people are nice people, but we've just cleared out our building and don't want to start all over again.

Also, most people living here have been trying to estabolish stability in their lives. My nine-yearold daughter and I moved in six months ago today. We haven't even unpacked most things because we don't want to unpack to just turn around and pack again.

- ESRI BIS provided the demographic data for the analysis based on the 1990 and 2000 US census data. According to the US Census Bureau and the ESRI BIS actual 2000, actual 2010, estimated 2011, and projected 2016 demographic data sets, the overall population is projected to increase by approximately 472 people per year for the five years ending in 2016, resulting in an overall gain of 7.4 percent. The number of households is projected to increase at a rate of about 182 per year for a gain of 6.9 percent. A greater increase is projected in owner occupied units than in renter occupied units, with the overall average household size increasing from 2.41 persons per household to 2.42 persons per household.
- > Twenty-six comparable developments were identified and inventoried for a total of 3,028 rental units within or near the PMA. Nakoma Heights, a LIHTC development located in Fitchburg, refused to provide updated information. Several other nearby potentially comparable properties (including Whispering Oaks) were called during the course of this analysis; However, these properties did not return numerous telephone calls.

The multifamily rental market in the PMA is considered strong by generally accepted standards, with a total of eighty-two vacancies for a 2.7 percent vacancy rate. Of the eighty-two vacancies, nineteen were noted within the LIHTC Section 42 developments for a 2.6 percent vacancy rate indicating a strong LIHTC rental market and sixty-three vacancies were noted in the market rate developments for a 2.8 percent vacancy rate. It should be noted that there are currently ten applications pending for current vacant units within the LIHTC Section 42 developments identified and surveyed. In addition, six of the nine LIHTC Section 42 developments surveyed currently maintain waiting lists.

Comparable Development Occupancy Summary										
Development Type	Number of Developments	PERSONAL PROPERTY OF THE PROPE	Vacant Units	Vacancy Rate						
LIHTC Section 42 Family	9	743	19	2.6%						
Market Rate Family	. 17	2,285	63	2.8%						
Overall	26	3,028	82	2.7%						

> Due to the strengths and weaknesses of all the comparable developments, we have used an average of both the comparables as the primary indicators of value. Market rate calculations were based on the proposed development's most prevalent unit type for the studio, one, two, and three bedroom apartment units.

Summary of Estimated Achievable Market Rents										
Unit Type Base: Market Rent Average Unit Size Rent per SF										
Studio	\$660	450	\$1.47 ·							
1 BR/1 BA	\$765	650	\$1.18 ·							
2 BR/1 BA	\$885	960	\$0.92							
3 BR/1 BA	\$1,115	1,249	\$0.89							

> The market study assessed whether sufficient potential demand exists for the reintroduction of 249 units as if the development were to become 100 percent vacant as well as the reintroduction of seventy-one units as if 75 percent of the existing residents will remain at the substantially improved property.

Impact on Other Affordable Housing Properties (Section 8, 515, 236, and public housing)
In the analyst's best judgment, the proposed development would not have a negative impact on other affordable housing properties (Section 8, 515, 236, and public housing).

Out of the 816 units at the six significantly subsidized housing developments surveyed, eight vacancies were noted for a 1.0 percent vacancy rate. According to the property managers of each of the developments, vacancies are not common at these developments. Additionally, seven of the eight subsidized housing developments surveyed have waiting lists ranging from six months to four years.

Source: Baker Tilly Virchow Krause, LLP interviews 1/2012

<sup>\*</sup>Property under new management. Vacancies due to recent turnover and management going through waiting list

## Impact on Market Rate Housing

In the analyst's best judgment, the proposed development would not impact the existing market rate multifamily housing. The market rate multifamily rental market is considered strong with sixty-three vacant units out of a total of 2,285 units surveyed for a 2.8 percent vacancy rate.

	Compara	ble Development		
人名印罗马法克尔 计自由连续	Occup	ancy Summary		
Development Type	Number of Developments	Number of	VacantUnits	Vacancy Rate
Market Rate Family	17	2,285	63	2.8%

It should be noted that there are currently twenty-three applications pending for current vacant units within the market rate family developments identified and surveyed. If all of the current applications are approved the market rate family vacancy rate would drop to 1.8 percent.

ON AGING

January 26, 2012

Mr. Bill Boerigter Manager, Multifamily Housing Wisconsin Housing and Economic Development Authority 201 West Washington Avenue, Suite 700 Madison, Wisconsin 53703

Re: Nob Hill Redevelopment

Dear Mr. Boerigter:

I am pleased to offer my support to Royal Capital Group and their request to receive funds from the Wisconsin Housing and Economic Development Authority (WHEDA) for the Nob Hill Redevelopment project.

Nob Hill Redevelopment is a 249-unit apartment property located in Madison, Wisconsin. With low-income housing tax credits from WHEDA, Royal Capital will be able to raise equity to rehabilitate Nob Hill Redevelopment. The equity will be used to provide better living conditions at affordable rents for the tenants. In total, the improvements will consist of 23 three-bedroom units. 140 two-bedroom units, 58 one-bedroom units, and 28 efficiency units. Approximately 85% of these units will be restricted to tenants who have incomes equal to or below 50% and 60% of the area median income.

This project will support the local economy by creating construction jobs, improve the housing stock for low to moderate income families, and provide better living conditions for families. For these reasons, I urge the Wisconsin Housing and Economic Development Authority to give full consideration to Nob Hill Redevelopment proposal submitted by Royal Capital Group. If I may be of further assistance or provide additional information, please do not hesitate to contact me.

Thank you in advance for your time and attention to this request.

United States Senator

Mr. Bill Boerigter Manager, Multifamily Housing WHEDA 201 West Washington Avenue, Suite 700 Madison, WI 53701

Re: Nob Hill Redevelopment

Dear Mr. Boerigter:

The Dane County Housing Authority has reviewed the Nob Hill Redevelopment multifamily housing proposal, and we fully support the redevelopment of a 249-unit mixed income multifamily community at this site.

The mission of Dane County Housing Authority is to promote adequate and affordable housing, economic opportunity, and a suitable living environment free from discrimination. Nob Hill Redevelopment supports this mission by providing a safe and affordable living community. There are many amenities available to residents in the area including grocery stores, retail, restaurants, and recreation which will make it a very desirable place for residents.

Based on the reasons noted above, we encourage WHEDA to strongly consider allocating low-income housing tax credits to the project. If you have any questions, please feel free to contact me.

Sincerely,

Carolyn A. Parham, PHM

Re: Nob Hill Redevelopment

Dear Mr. Boerigter:

Community Action Coalition for South Central Wisconsin, Inc. (CAC) is pleased to support Nob Hill Redevelopment's application to WHEDA for an award of low-income housing tax credits.

The Nob Hill Redevelopment Project offers an opportunity to redevelopment a mixed income apartment complex that will include 209 affordable units and 40 market rate units. Tenants of 180 of the affordable units will be restricted to 50% of area median income. The other 29 affordable units will be rented to tenants restricted to 60% of area median income. Nob Hill Redevelopment would be a welcome addition to the community.

The Madison community is in need of affordable family housing, as quality housing is a key factor in overall family success. It helps families to maintain a stable life and helps to give children a chance to succeed.

I encourage WHEDA to strongly consider allocating low-income housing tax credits to the project. If you have any questions, please feel free to contact me.

Thank you for your consideration and support of Nob Hill Redevelopment.

Sincerely,

Greta C. Hansen

Re: Nob Hill Redevelopment

Dear Mr. Boerigter:

I am pleased to offer my support to Royal Capital Group and its request to receive an allocation of low-income housing tax credits from the Wisconsin Housing and Economic Development Authority (WHEDA) for the Nob Hill Redevelopment project.

Nob Hill Redevelopment is a 249-unit, apartment property located in Madison, Wisconsin. With the equity raised from the sale of low-income housing tax credits allocated from WHEDA, improvements will be able to be made to the property to provide better living conditions at affordable rents for the tenants. In total, the improvements consist of 23 three-bedroom units, 140 two-bedroom units, 58 one-bedroom units, and 28 efficiency units. Approximately 85% of these units (209) are restricted to tenants who have incomes equal to or below 50% and 60% of the area median income.

The project will support the local economy by creating construction jobs, improve the housing stock for low to moderate income families, and provide better living conditions for families. All of these things are essential for strong communities. For these reasons, I give my support to the Nob Hill Redevelopment.

Thank you for your consideration.

Sincerely,

FRED A. RISSER

State Senator

Madison, WI 53701

Re: Nob Hill Redevelopment

Dear Mr. Boerigter:

I am writing to express my support for the Nob Hill Redevelopment project.

Nob Hill Redevelopment is a 249-unit apartment property located at 1108 Moorland Road in Madison, Dane County, Wisconsin. In total, the improvements consist of 23 three-bedroom units, 140 two-bedroom units, 58 one-bedroom units, and 28 efficiency units. Approximately 85% of these units (209) are restricted to tenants who have incomes equal to or below 50% and 60% of the area median income.

Nob Hill Redevelopment is applying for low-income housing tax credits from the Wisconsin Housing and Economic Development Authority (WHEDA) to be able to raise equity to rehabilitate these units. The equity will be used to provide better living conditions at affordable rents for the tenants.

I give my support to the Nob Hill Redevelopment project because of the benefits it will provide to the community. The project will support the local economy by creating construction jobs, improve the housing stock for low to moderate income families, and provide better living conditions for families. All of these things are essential for strong communities.

Thank you for your consideration and support of this affordable housing development.

Sincerely,

Chris Taylor
