Committee Member:

Teresa Holmes

Presenter/Organization Name:

Alfonso Flores Flores

Project Strengths:

- + They've had some prior exposure to trying to solve this problem
- + They intend to make a vested effort (their people) in some of the more challenging areas like training, service provision
- + They have ideas for tapping into (relationally & technically) the community to get measurable data / feedback

Ways Project Could be Stronger:

- Provide / develop more details for how they'd deliver / provide + support the grant (if selected)
- Provide support info related to MARSD requirements
- Provide data re: diversity numbers + needs for why the grant would be good for Darbo

Questions:

How will you get residents to partner with you?

~~What~~ MUFN proximity?

I'm wondering if this program's plan is well aligned with Digital Divide scope?

Encourage/Discourage?

Are they sure they're ready for this?
