Committee Member:

Pavlsen

Presenter/Organization Name:

Work & Learn

Project Strengths:

Important link in the chain - networks don't help if there isn't computers at the end

Ways Project Could be Stronger:

A more formal ask ☺

Questions:

How supportable are rehabbed computers

Encourage/Discourage?

Encourage

May 8th 2014 Digital Divide Presenter Feedback Form

Committee Member:

Lauren Benson

Presenter/Organization Name:

David Le Clair – Work and Learn

Project Strengths:

Previous experience educating students to support computers
Connected to MMSD

Ways Project Could be Stronger:

No connection to pilot

Questions:

Encourage/Discourage?

Discourage. I don't think this project on its own is a good match for the pilot. I would suggest merging with another proposal- perhaps somewhere that lacks the devices to access the proposed internet installation.
