

Hi Sara,

My wife and I wanted to let you know that we fully support Double S BBQ coming to Monroe Street. (Neither of us could make it to the meeting on the 12th.) It's a business we will welcome to the neighborhood, one we will definitely stroll to for a meal, and one which we believe will make the Monroe Street area an even better place to live.

I know some of the neighbors complain about anything with alcohol, but my wife enjoys having a beer with her ribs. Is that so wrong?

Thank you for your time.
