City of Madison

2017 Operating Budget

Executive Budget: Summary

Assessed Values [see p. 8 of 2017 Executive Operating Budget]

- Property values have grown 4.85% on the strength of a 4.5% increase in residential and 6% increase
 in commercial property values (commercial property includes apartments). From 1991 to 2017,
 values have grown an average of 5.4% annually. From 2013 to 2017, values have grown an average
 of 1.8% annually.
- Assessed value of property in tax increment districts (TIDs) increased 6.25%, and follows a 30% increase in 2015. This is due both to value growth in existing TIDs and creation of new TIDs.
- The average home value is up 3.6%, reflecting stronger housing sales.

Changes in Assessed Values from 2015

Residential:	up 4.48%
Commercial:	up 5.97%
Agricultural:	up 8.61%
Manufacturing:	up 6.24%
Personal Property:	up 3.29%
TIF Increment Value (deduction):	up 6.25%
Net Taxable Property:	up 4.85%
Average Value Home:	up 3.58%

General Fund Spending and Levy Increase [see p. 8 of 2017 Budget]

Levy = Expenditures less Revenues (i.e., State aid)

Expenditures up 3.44% (+\$10.0 million) [see pp. 8, 12-14]

- General fund expenditures up 3.44% due primarily to compensation, debt service and operating costs.
- Library fund expenditures up 3.6% due primarily to compensation and operating costs.
- Total debt service (general fund and library fund) is up \$3.9 million (9.0%).

Revenues up 0.6% (+\$470,100) [see pp. 8, 9-11]

- State aid (excluding transit aid) up 3%. With transit aid, state aid is 2%. This increase is due primarily to exempt computer aid increases associated with action by the state to expand the exemption to equipment of cable providers and expenditure restraint payment estimates.
- Ambulance fee revenues up 7% compared to the 2016 adopted budget, due to expansion of fire and emergency medical services to surrounding communities, improved collections, and an increase in fee by \$50 to help fund street team services to the homeless. This change increases revenues by an estimated \$175,000.
- Building permits are down 9.1% from 2016 adopted budget estimates due to a slower rate of growth in construction compared with earlier in the decade.
- Revenues from fines and forfeitures are down 1.7%, due to continued declines in parking violation revenue due to multi-space meters.
- Fund balance applied of \$400,000 reflects an expected lapse in funding for the police procedures review contract and re-appropriation of that funding to support the cost of the contract in 2017.

Change from 2016	\$	%
Expenditures	\$10.0 million	3.44%
Revenues	\$0.5 million	0.6%
Fund Balance Applied	\$0.4 million	N/A
Levy	\$9.1 million	4.3%

Mill Rate and Taxes on Average Value Home [see p. 8 of 2017 Budget]

1. Mill Rate

Mill Rate = Levy divided by Assessed Value

- Estimated mill rate under executive budget = \$9.45 per \$1,000 of value.
- Mill rate is down 0.5% from 2016 due to levy increase of 4.35% and an increase in assessed value of 4.85%.

2. Taxes on Average Value Home

Average Value Home = Residential value divided by number of residential parcels

Taxes on Average Value Home = Mill Rate multiplied by Average Value Home

- 2016 average value home = \$254,693 (up \$8,799 / 3.6%).
- Taxes on average value home = \$2,407 (up \$72 / 3.1%).

Levy Limit Calculation

Allowable Increase = the greater of 0% or the Change in Net New Construction (2.11% for 2017)

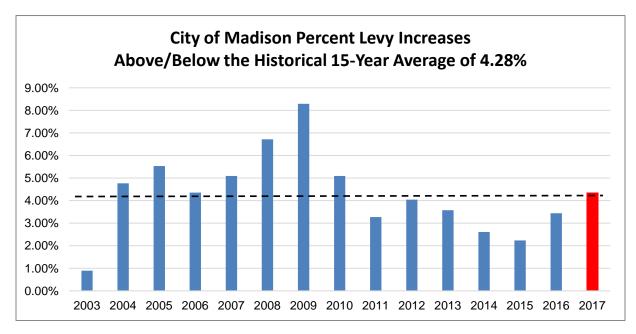

Key Adjustments / Exclusions

- Fee increases for garbage collection, fire protection, snow plowing, street sweeping, or stormwater management result in a commensurate reduction in levy limit if those services provided from property taxes in 2016.
- 50% of incremental value from closed TIDs. For 2017, the closure of TID 33 adds 0.049% to the calculation (\$67,161).
- Up to 1.5% of prior year unused allowable levy limit (0.5% or less requires majority vote of governing body; 0.5% to 1.5% requires three-fourths majority vote) unused levy limit from 2016 is \$987,425 (0.471% of prior year allowable levy limit).
- Change in debt service on general obligation debt.
- Amount of refunded or rescinded taxes (\$512,677 due primarily from Attic Angels / Prairie Point tax refund).

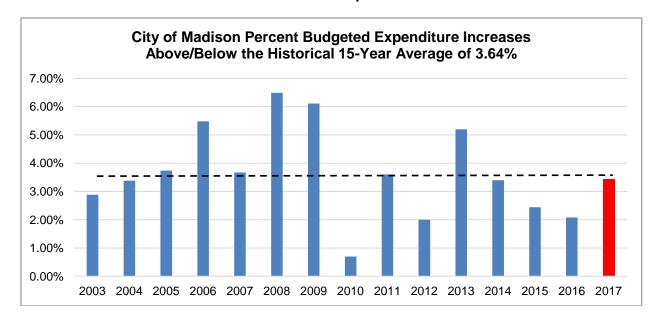

Calculation of Allowable Levy for City

	<u>2017</u>
2015/2016 Actual Levy	\$ 209,856,541
2015/2016 Levy for New General Obligation Debt Authorized After 7/1/2005	\$ (72,791,662)
2015/2016 Levy excluding General Obligation Debt Service	\$ 137,064,879
Net New Construction and Closed TID Percentage 2.159%	\$ 2,959,231
2016/2017 Levy Limit Prior to Adjustments	\$ 140,024,110
Debt Service for GO Debt Authorized After July 1, 2005	78,488,644
Adjustments for Current Year Annexations	-
Prior Year Unused Allowable Levy (up to 1.5%)	987,457
City Share of Refunded or Rescinded Taxes certified under s. 74.41 (5)	 512,677
Allowable Levy	\$ 220,012,888
Actual Levy	 218,978,808
Additional Levy Capacity / Carry Over to 2018	\$ 1,034,080

General Fund Balance

Maintaining an unassigned fund balance of 15% of subsequent year General Fund expenditures is a key financial policy goal and a major element of the City's Aaa bond rating. The graph below shows the history of the fund balance since 1995 and the expected level in 2017 and 2018. The 2017 executive operating budget applies \$400,000 from fund balance associated with the carryover of funding from 2016 for the police procedures review contract.
