

Areas to consider / address from 12/7/16 street use meeting discussion:

- Penalties for non-compliance with street use permit conditions and/or having an event w/out a permit
- Develop "What's Next?" information card to give to organizers after their event application has been reviewed – insurance required for contracts, work orders and notifications in multiple city agencies - below
- Agencies that have event capacity concerns provide data/detail issues to develop appropriate standards.
- Approve block parties administratively – send permit to “Approved List” - approved
- Work on notification file to have organizers submit applications and attend meetings in a timely fashion.
- Look at “pre-approval of long-time annual events – starting Park event process in February
