Hi Ron-

Thank you for the email. Would you like this to be forwarded to the Park Commissioners?

Best,
Claire

My name is Ron Hay and I am the president of the Oakbridge Neighborhood association. I understand that you may be considering to have Wingra boats open an operation at Marshall park on lake Mendota.

I think this would be a real benefit to the west side and Middleton communities. They are a very well run operation and think they would be a good choice for this location. I grew up in Madison and have enjoyed our lakes all my life.

It is great to hear that this may happen at this location. Good luck with this venture and I myself will definitely be a patron. Thank you, Ron Hay

Hello,

I write representing the Crestwood neighborhood. At our board meeting last evening, we discussed the idea of added services at Marshall Park. We would love to see the programming being offered at the other two locations also be offered at Marshall.

Thank you,

Leslie Dressler
