The proposed resolution will appropriate \$50,000 from an undefined source for consulting services to examine the City of Madison's current employee benefit structure. The 2017 Executive Budget included \$50,000 within the Finance Department to conduct the study. These funds were removed from the proposed budget by Amendment 12 adopted by the Common Council.

The intent of the proposed study is to examine areas for improved efficiency and modernization within the existing benefit structure that may result in savings for both the City and its employees.
