### **Title**

Authorizing the City Engineer to obtain a Public Infrastructure Permit from the Wisconsin Department of Transportation for roadway improvements along Wilson St. and John Nolen Dr. and authorizing the indemnification of the Wisconsin Department of Transportation, Wisconsin and Southern Railroad LLC, Watco Companies, and Wisconsin River Rail Transit Commission. (4th AD)

#### **Body**

The City of Madison has partnered with WisDOT to reconstruct a portion of S. Blair St. and the intersection of S. Blair St., John Nolen Dr., Williamson St. and E. Wilson St. in 2022. Plans for this project were approved under RES-21-00490 (File #66202). As part of this reconstruction project, a portion of the improvements around the John Nolen Dr. and E. Wilson St. intersection will be constructed on the railroad property, owned by WisDOT and operated by Wisconsin and Southern Railroad and Watco Companies. A permit is required for these improvements to be constructed and remain on WisDOT property.

The permit requires indemnification of the Wisconsin Department of Transportation, Wisconsin and Southern Railroad LLC., Watco Companies, and the Wisconsin River Rail Transit Commission. APM 1-1 allows the City to indemnify other parties with Common Council approval. The indemnification language has been reviewed by the City Attorney and the City's Risk Manager. While the City's risk exposure is increased by the indemnification clause contained in the permit, the exposure is covered by the City's insurance policies,
