Fiscal Note

The attached resolution would result in the City of Madison obtaining 10,396 square feet of land from the Madison Metropolitan School District. In return, the School District would receive a much larger parcel of 271,331 square feet from the City. This large parcel would enable the siting of a new school in the Linden Park Plat. The lands provided by the City would revert to City ownership for park uses if the School District ceases operation of the school at that site.

Title

Authorizing a land exchange between the City of Madison and the Madison Metropolitan School District to facilitate the development of recreational facilities adjacent to Lincoln School and site development for an elementary school in the Linden Park Plat.

Body

Preamble

The City of Madison (City) and the Madison Metropolitan School District (MMSD) have been working together to facilitate two projects that will benefit both the City and the MMSD. The MMSD is planning the construction of a new elementary school in the Linden Park Plat on the southwest side of the city. The school site was originally planned to be a 10-20 acre park and the some of the planned park lands were dedicated to the City. When the MMSD acquired the school site, platting proceeded on the assumption that the school site would function well with the adjacent park lands. However during planning for the school site, it became apparent that the new school would require additional land to meet its site development needs. The MMSD would like to acquire title to the adjacent City park lands to meet its site development needs and to provide recreational opportunities for the

neighborhood.

The City acquired land adjacent to Lincoln School in south Madison to build a splash park to provide summer recreational opportunities for the surrounding neighborhood. The City would like to provide additional playground equipment on a portion of the school property to expand neighborhood recreational opportunities at this location.

A land exchange between the City and the MMSD has been negotiated that will allow each party to proceed with its respective project. Under the terms of the exchange the MMSD would deed to the City a portion of its Lincoln School property to facilitate the installation of playground equipment. In exchange for this property, the City would deed to the MMSD park lands adjacent to the elementary school site in the Linden Park Plat to facilitate development of the school site. The MMSD has agreed to allow public use of the lands, and any school recreational facilities it installs on the lands, it receives from the City when such use does not interfere with school use or safety. In addition, the MMSD has agreed that the lands deeded to the MMSD will revert back to the City for park uses if the MMSD ceases to operate a school at that location.

NOW THEREFORE BE IT RESOLVED that the Common Council hereby authorizes a land exchange of the following described lands between the City of Madison and the Madison Metropolitan School District ("MMSD") to facilitate the development of recreational facilities by the City on land adjacent to Lincoln School and the development of a site by the MMSD for an elementary school in the Linden Park Plat:
