Title

Amending Section 2.05(6)(h) of the Madison General Ordinances to bring the ordinance language into compliance with current practice with respect to introducing certified survey maps and subdivision plats to the Council by the Planning Division.

Body

DRAFTER'S ANALYSIS: This is a technical amendment to bring the ordinances into line with current practice. For years, a number of amendments have been introduced through the Planning Division or the Plan Commission under the title of "Common Council By Request." These have included both map and text amendments and certified survey maps and plat subdivisions. The current ordinance reflects the zoning map and text amendments, but not the certified survey of plat subdivision. This ordinance corrects that oversight.

The Common Council of the City of Madison do hereby ordain as follows:

Subdivision (h) of Subsection (6) of Section 2.05 entitled "Introduction of Business" of the Madison General Ordinances is amended to read as follows:

"(h) Zoning map or text amendments allowed under Sec. 28.182(2), MGO, certified survey maps, or subdivision plats to be sponsored by the Plan Commission or Planning Division."
