Title

Amending the Metro Transit 2013 Operating Budget to reflect increased revenues from targeted fare adjustments and service enhancements and increased expenses from service enhancements.

Body

Metro's 2013 Operating Budget was approved by the Common Council with no fare changes and limited service changes focusing on the Owl Creek Neighborhood. Subsequently, the Transit and Parking Commission approved targeted fare adjustments in order to generate funds to be used for service enhancements to address chronic scheduling and overcrowding issues on existing routes in addition to the service to Owl Creek. At the same time, Epic Systems Corporation in conjunction with the City of Verona requested increased service.

WHEREAS, the Transit and Parking Commission approved targeted fare changes at their December 12, 2012 meeting; and

WHEREAS, Metro Transit has a need to address chronic scheduling and overcrowding issues on existing routes; and

WHEREAS, the City of Verona and Epic Systems Corporation have requested additional bus service; and

WHEREAS, the approved fare adjustments and upcoming service changes need to be reflected in Metro Transit's 2013 Operating Budget;

NOW, THEREFORE, BE IT RESOLVED, to hereby amend the 2013 Operating Budget of the Transit Utility to reflect the additional revenue total of \$135,000 and additional expense total of \$135,000 due to adjustments to the fare tariff and upcoming service enhancements.
