**Fiscal Note**

No Funds Required.

**Title**

Approving roadway geometry for the reconstruction of Lake Mendota Dr. from Baker Ave. to the City of Madison limits. (19<sup>th</sup> AD)

**Body****PREAMBLE**

WHEREAS, The City of Madison, has proposed projects to reconstruct portions of Lake Mendota Dr. in 2022, 2023, and 2024

WHEREAS, The City of Madison Engineering Division has completed a preliminary design through the extents of the planned projects, which includes: reconstruction of Lake Mendota Dr. to include curb and gutter and a typical street width of 24 ft. to 26 ft. to accommodate two-way vehicle and bike travel on the street with parking allowed on one side, and to include sidewalks as shown the preliminary plan (on one side on the westerly and easterly ends, and on both sides in the middle section), along with traffic calming measures such as, but not limited, to bumpouts, traffic circles, and speed humps.

WHEREAS, slight modifications may be made as part of the detailed, final design for each project in order to accommodate additional tree protection or space for new tree plantings, modifications for stormwater treatment features such as terrace rain gardens, adjustments to the locations of traffic calming devices, preservation of historic and cultural resources, or as necessary due to grades/topography.

NOW, THEREFORE, BE IT RESOLVED, that the roadway geometry for Lake Mendota Dr. from Baker Ave. to the City of Madison limits is hereby approved.
