I register my Opposition to the Doggy Daycare business proposed for 314 Junction Road

But Alder Conklin has never responded to our residents' concerns.

I am a resident of the Junction Ridge Neighborhood. I oppose the proposed business because:

1. Facilities not appropriate for use.
2. Noise to residents in buildings and neighborhoods.
3. Abusive treatment of dogs in too confined spaces.
4. Dogs need to eliminate bodily waste... how does that work?
5. Totally a bad mix in a residential condo building.

Message:

As a resident of Junction Ridge, I'm voicing my strong opposition for a permit to the proposed Doggy Daycare at 314 Junction Road that will be voted on again at the Sept 5th council meeting.

The location is not appropriate for the business type. Look at other doggy daycare businesses and see where they are - in a business park or pure commercial area. Prime example is the Ruffin' It Resort at 635 Struck St, Madison, WI 53719!

Further:

- The dogs would be inside most of the time.
- There is no outdoor area they can use other than walking the dogs to Junction Ridge city park. Can they possibly walk 28 dogs to the park each day? How can we be assured they will clean up after such a high concentration of dogs?
- The second, third, and fourth story of this building is condominiums. The majority of residents in the Junction Point Condo Association are concerned about the noise and the odor, as well as the potential for the dogs to destroy the small area of grassy land allotted to the condo.

Thank you for reconsidering.

- John and Mary Jo Freeborg

I would like to register my OPPOSITION to putting a dog center in the building on Junction Road. I am a neighbor, and already have to deal with people who abuse the conditions at the Junction Ridge park by letting their dogs run loose, poop everywhere, and generally cause havoc for those trying to enjoy the park. I see dog walkers in my neighborhood with 2-4 dogs at a time, allowing them to pee and poop and generally run on people's lawns because they can't be controlled or managed. This residential neighborhood is not a suitable location for a commercial operation of this type. Let them find another location, but don't put this business where it is proposed now...thanks.
