**Public Notice**

**City of Madison  
Weatherization Employment and Training Program**

The City of Madison is requesting applications from not for profit organizations who are interested in improving the communities energy efficiency and offering employment and training opportunities for City residents. Through funding from the U.S. Department of Energy, the City has developed an employment and training initiative that is designed to provide energy savings, conservation and job training and employment. The total funding available is \$400,145. The energy conservation and employment and training efforts must take place in the City of Madison. To learn more about the program requirements and to apply for these funds, please review the materials and application at [www.cityofmadison.com](http://www.cityofmadison.com).

**Applications must be submitted no later than 12:00 p.m. on May 12, 2010 to:  
Community Development Division  
215 Martin Luther King, Jr. Blvd. Rm. 225  
Madison, WI 53701  
Attn: Pam Rood**

**City of Madison  
Business Energy Efficiency Program (BEEP)**

The City of Madison is requesting applications from for profit and not for profit businesses who are interested in improving their energy efficiency. Through funding from the U.S. Department of Energy, the City has developed the Business Energy Efficiency Program (BEEP) to fund one time projects that will provide energy savings, conservation and job creation. The total funding available is \$573,000. The maximum award limit for any project is \$100,000. Eligible businesses must be located in the City of Madison. To learn more about the program requirements and to apply for these funds, please review the materials and application at [www.cityofmadison.com](http://www.cityofmadison.com).

**Applications must be submitted no later than 12:00 p.m. on May 12, 2010 to:
