ALRC Committee:

Regarding agenda items 78491, 78492, 78493:

Previous action by the Planning Commission on June 21, 2023 ruled on alterations adding outdoor amplified live music Sundays and Mondays, between 4pm and 9pm, and between May 15 and Sept 15 for these applications.

Similar to conditions included for application 78169 on today's agenda, as a resident living adjacent to the proposed activity, I am requesting the inclusion of a 60-decibel limit at property lines. The amplification has been excessive, notably during the previous two years as discussed with city staff and MPD by impacted residents. While imperfect, it is a step in a better direction to address excessive volume and provide recourse for impacted residents.

Thank you.
