RE: Legistar ID 87630; Accela 'LNDUSE-2025-00024' -- Approval of a conditional use for a housing cooperative at 722 Moorland Road

Dear Paul Schechter:

At its April 28 meeting, the Plan Commission, meeting in regular session, found the standards met and approved your conditional use request for a housing cooperative at **722 Moorland Road**. In order to receive final approval of the conditional use and for any other permits that may need to be issued for your project, the following conditions shall be met:

**Please contact Jenny Kirchgatter, Assistant Zoning Administrator at (608) 266-4429 if you have any questions regarding the following two (2) items:**

1. Bicycle parking for the housing cooperative shall comply with the requirements of MGO Sections 28.141(4)(g) and 28.141(11) and shall be designated as short-term or long-term bicycle parking. A minimum of one (1) bicycle stall is required per bedroom (12 stalls) plus one (1) guest space per 4 bedrooms (3 stalls). At least ninety percent (90%) of required resident bicycle parking shall be designed as long-term parking. Identify the bicycle stall locations on the plans. NOTE: A bicycle stall is a minimum of two (2) feet by six (6) feet with a five (5) foot wide access area. Submit a detail showing the model of bike rack to be installed.
2. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.

**Please contact Kate Kane of the City Engineering Division at (608) 266-4098 if you have any questions regarding the following one (1) item:**

3. Obtain a Street Terrace permit for the proposed work (installation of the driveway apron, landscaping, etc.) This permit application is available and must be completed on line at <http://www.cityofmadison.com/engineering/permits.cfm> (MGO 10.08)

**Please contact Jeff Quamme of the City Engineering Division – Mapping Section at (608) 266-4097 if you have any questions regarding the following three (3) items:**

4. The site plan shall show and label the existing sanitary sewer and water services. This dwelling is served by the sanitary sewer that exists behind this lot on adjacent lands. The applicant shall provide a recorded private sewer lateral easement for the maintenance, repair and replacement of the lateral where it crosses an adjacent parcel.
5. Per the floor plans, show and label the wood frame ramp proposed along the westerly side of the dwelling on the proposed site plan. All final improvements shall be shown and noted on the final proposed site plan.
6. Submit a site plan and a complete building Floor Plan in PDF format to Lori Zenchenko (lzenchenko@cityofmadison.com) that includes a floor plan of each floor level on a separate sheet/page for the development of a complete interior addressing plan. Also, include a unit matrix for apartment buildings. The Addressing Plan for the entire project shall be finalized and approved by Engineering (with consultation and consent from the Fire Marshal if needed) PRIOR to the verification submittal stage of this LNDUSE with Zoning. The final approved stamped Addressing Plan shall be included in said Site Plan Verification application materials or a revised plan shall be provided for additional review and approval by Engineering. Per 34.505 MGO, a full copy of the approved addressing plan shall be kept at the building site at all times during construction until final inspection by the Madison Fire Department. For any changes pertaining to the location, deletion or addition of a unit, or to the location of a unit entrance, (before, during, or after construction), a revised Address Plan shall be resubmitted to Lori Zenchenko to review addresses that may need to be changed and/or reapproved.

**Please contact Matt Hamilton of the Fire Department at (608) 266-4457 if you have any questions regarding the following one (1) item:**

7. Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D. Additional information is available at the Home Fire Sprinkler Coalition website: <https://homefiresprinkler.org>

**Please contact Tim Sobota of Metro Transit at (608) 261-4289 if you have any questions regarding the following two (2) items:**

8. Metro Transit operates daily all-day rapid transit service along Moorland Road adjacent this property - with trips at least every 30 minutes.
9. Metro Transit would initially estimate the following counts of potentially eligible trips towards US Green Building Council/LEED Quality Access to Transit points: 36 Weekday & 36 Weekend. Please contact Metro Transit if additional analysis would be of interest.

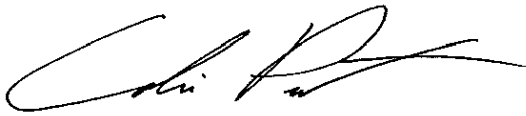

**Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.**

**Please now follow the procedures listed below for obtaining your demolition permit and conditional use:**

1. After the plans have been revised per the above conditions, please submit **one (1) complete digital plan set in PDF format** of complete, fully dimensioned, and to-scale plans; the appropriate site plan review application and [site plan review fee pursuant to Section 28.206](#) of the Zoning Code; and any other documentation requested herein to the Zoning Administrator at [SPRApplications@cityofmadison.com](mailto:SPRApplications@cityofmadison.com). (Note that that an individual email cannot exceed 20MB and it is the responsibility of the applicant to present files in a manner that can be accepted. Please email [zoning@cityofmadison.com](mailto:zoning@cityofmadison.com) regarding questions or if you need alternative filing options) The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
3. The conditional use approval is valid for two (2) years from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
4. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
5. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 243-0455.

Sincerely,

Colin Punt  
Planner

cc: Jenny Kirchgatter, Asst. Zoning Administrator  
Kate Kane, City Engineering Division  
Jeff Quamme, City Engineering Division – Mapping  
Matt Hamilton, Fire Department  
Tim Sobota, Metro Transit

I hereby acknowledge that I understand and will comply with the above conditions of approvals.
