

# Madison Complete Green Streets

## Street Typology for Arterials and Collectors

### Land Use Context

More urban and mixed-use ← → Lower density, more residential

- |             |                               |                       |                     |
|-------------|-------------------------------|-----------------------|---------------------|
| High Volume | Urban Avenue                  | Boulevard             | Parkway             |
|             | Mixed-Use Connector           | Community Main Street | Community Connector |
| Low Volume  | Mixed-Use Neighborhood Street | Neighborhood Street   | Neighborhood Street |
|             | Civic Space                   |                       |                     |

- Uncategorized Streets (Future Planning Required)
- Draft Equity Priority Areas
- Future City Boundary (Including Town of Madison)
