
James W. Thomas

Sincerely,

If you have any questions on this please contact me at 513-5716.

We could start work as soon as contracts could be executed.

We will accept a contract to complete the project per plans, specifications and the 5/29/08 restoration completion. The change we would ask for is that the dredging portion of the project be changed from 47 calendar days to 35 work days.
