Dear Alder Evers and all Alders,

I recently learned that the updated plan for the pending "Tall Grass Lawn" ordinance amendment is to eliminate all of the new language around native plants.

This is great news; it makes it so much simpler for residents who want to add native plants to their landscapes without needing to (or thinking they need to) register their yards.

I fully support the new version 2 of the upcoming amendment "Amending Section 27.05 of the Madison General Ordinances to refine lawn and property maintenance provisions

I look forward to these changes being made!

With gratitude!

Dear Alder Evers and all alders,

I agree with Wild Ones Madison re: the current and proposed "Grass" ordinance, and fully support their "Proposed Alternative" which is spelled out in their [Wild Ones letter](#).

Sincerely,
