(17) Permanent limited easements for grading and sloping, joint ingress/egress easement, landscaping and bike path easements (portion of bike path to be released by separate instrument), building setback line and utility easements (portion of utility easement to be released by separate instrument), as shown on Certified Survey Map No. 12480. [shown on map]

(18) Notations set forth on Certified Survey Map No. 12480, stating:

-All lots within this plat are subject to public easements for drainage purposes which shall be a minimum of six (6) feet in width measured from the property line to the interior of each lot except that the easements shall be twelve (12) feet in width on the perimeter of the plat. For purposes of two (2) or more lots combined for a single development site, or where two (2) or more lots have a shared driveway agreement, the public easement for drainage purposes shall be a minimum of six (6) feet in width and shall be measured only from the exterior property lines of the combined lots that create a single development site, or have a shared driveway agreement, except that the easement shall be twelve (12) feet in width along the perimeter of the plat. Easements shall not be required on property lines shared with greenways or public streets. No buildings, driveways, or retaining walls shall be placed in any easement for drainage purposes. Fences may be placed in the easement only if they do not impede the anticipated flow of water. In the event of a City of Madison Plan Commission and/or Common Council approved redivision of a previously subdivided property, the underlying public easements for drainage purposes are released and replaced by those required and created by the current approved subdivision.

-Arrows indicate the direction of surface drainage swale at individual property lines and said drainage swale shall be graded with the construction of each principal structure and maintained by the lot owner unless modified with the approval of the City Engineer. Elevations given are for property corners at ground level and shall be maintained by the lot owner.

-All lots created by this survey are individually responsible for compliance with Chapter 37 of the Madison General Ordinances regarding storm water detention at the time that they develop.

(19) Declaration of Conditions and Covenants recorded July 8, 2008 as Document No. 4448479.

(20) Declaration of Conditions, Covenants and Restrictions for Maintenance of Boulder Type Retaining Walls, recorded October 28, 2008 as Document No. 4477706.
