RE: Approval to rezone the property at 1723 Waldorf Boulevard property from Planned Unit Development Plan-Specific Implementation Plan (PUD-SIP) to Amended Planned Unit Development-General Development Plan (PUD-GDP) and Amended Planned Unit Development Plan-Specific Implementation Plan (PUD-SIP) to allow for the construction of three multifamily buildings with 74-79 apartments and 5,200 square feet of "flex space."

Dear Mr. Bruce:

At its June 17, 2008 meeting, the Common Council **conditionally approved** your client's application to rezone property located at 1723 Waldorf Boulevard property from Planned Unit Development Plan-Specific Implementation Plan (PUD-SIP) to Amended Planned Unit Development-General Development Plan (PUD-GDP) and Amended Planned Unit Development Plan-Specific Implementation Plan (PUD-SIP) to allow for the construction of three multifamily buildings with 74-79 apartments and 5,200 square feet of "flex space." The following conditions of approval shall be satisfied prior to final approval and recording of the planned unit development and the issuance of any building permits for the project:

Please contact Janet Dailey, City Engineering, at 261-9688 if you have questions regarding the following thirteen (13) items:

1. All pavement patching shall be in accordance with the City's patching criteria.
2. Storm sewer serving the underground parking shall be sized to control the 100-year storm and a plan showing this shall be stamped by a P.E. or a Master Plumber.
3. The previously approved addresses will be rescinded and new addresses are required.
4. In accordance with 10.34 MGO – Street Numbers, submit a PDF of each floor to the Lori Zenchenko (Lzenchenko@cityofmadison.com); so that a preliminary interior addressing plan can be developed. If there are any changes pertaining to the location of a unit, the deletion or addition of a unit, or to the location of the entrance into any unit, (before, during or after construction) the addresses may need to be changed. The interior address plan is subject to the review and approval of the Fire Marshal.
5. All work in the public right-of-way shall be performed by a City-licensed contractor.
6. The applicant shall show storm water "overflow" paths that will safely route runoff when the storm sewer is at capacity.

7. The applicant shall demonstrate compliance with Section 37.07 and 37.08 of the Madison General Ordinances regarding permissible soil loss rates. The erosion control plan shall include Universal Soil Loss Equation (USLE) computations for the construction period. Measures shall be implemented in order to maintain a soil loss rate below 7.5-tons per acre per year.
8. The City of Madison is an approved agent of the Department of Commerce. This proposal contains a commercial building and as such, the City of Madison is authorized to review infiltration, stormwater management, and erosion control on behalf of the Department of Commerce. No separate submittal to Commerce or the WDNR is required.
9. Prior to approval, this project shall comply with Chapter 37 of the Madison General Ordinances regarding stormwater management. Specifically, this development is required to: 1) detain the 2, 10, & 100-year storm events, 2) control 80% TSS (5 micron particle) off of new paved surfaces, 3) provide infiltration in accordance with Chapter 37 of the Madison General Ordinances, 4) provide substantial thermal control, 5) provide oil & grease control from the first 1/2" of runoff from parking areas, and 6) complete an erosion control plan and complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website – as required by Chapter 37 of the Madison General Ordinances.
10. The applicant shall submit, prior to plan sign-off, digital CAD files to the Land Records Coordinator in the Engineering Division (Lori Zenchenko) lzenchenko@cityofmadison.com. The digital copies shall be drawn to scale and represent final construction. The submittal shall include building footprints, internal walkway areas, internal site parking areas, lot lines / numbers / dimensions, street names, and other miscellaneous impervious areas. All other levels (contours, elevations, etc) are not to be included with this file submittal. The single CAD file submittal can be either AutoCAD (dwg) Version 2001 or older, MicroStation (dgn) Version J or older, or Universal (dxf) format. Email file transmissions preferred. Please include the site address in this transmittal.
11. The applicant shall submit, prior to plan sign-off, digital PDF files to the Engineering Division (Jeff Benedict or Tim Troester). The digital copies shall be to scale, shall have a scale bar on the plan set, and shall contain the following items: building footprints; internal walkway areas; internal site parking areas; lot lines and right-of-way lines; street names, stormwater management facilities, and; detail drawings associated with stormwater management facilities (including if applicable planting plans).
12. The applicant shall submit prior to plan sign-off, electronic copies of any stormwater management file including: SLAMM DAT files; RECARGA files; TR-55/HYDROCAD/etc. and; sediment loading calculations. If calculations are done by hand or are not available electronically, the hand copies or printed output shall be scanned to a PDF file and provided.
13. The applicant's utility contractor shall obtain a connection permit and excavation permit prior to commencing the storm sewer construction. This permit application is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>.

Please contact John Leach, Traffic Engineering, at 267-8755 if you have questions about the following six (6) items:

14. The applicant shall modify the four (4) ft sidewalk with two (2) feet of vehicle overhang. This width shall be increased to seven (7) feet to accommodate the walkway and vehicle overhang.
15. The applicant shall indicate the type and location of bicycle racks to be installed.

16. When the applicant submits final plans for approval, the applicant shall show the following: items in the terrace as existing (e.g., signs and street light poles), type of surfaces, existing property lines, addresses, one contiguous plan (showing all easements, all pavement markings, building placement, and stalls), signage, percent of slope, vehicle routes, dimensions of radii, aisles, driveways, stalls including the two (2) feet overhang, and a scaled drawing at 1" = 20'.
17. The intersection shall be so designed so as not to violate the City's sight-triangle preservation requirement which states that on a corner lot no structure, screening, or embankment of any kind shall be erected, placed, maintained or grown between the heights of 30 inches and 10 feet above the curb level or its equivalent within the triangle space formed by the two intersecting street lines or their projections and a line joining points on such street lines located a minimum of 25 feet from the street intersection in order to provide adequate vehicular vision clearance.
18. The developer shall post a deposit and reimburse the City for all costs associated with any modifications to traffic signals, street lighting, signing and pavement marking, and conduit and handholes, including labor, engineering and materials for both temporary and permanent installations.
19. Public signing and marking related to the development may be required by the City Traffic Engineer for which the developer shall be financially responsible.

Please contact Si Widstrand, Parks Development Manager, at 266-4714 if you have questions about the following two (2) items:

20. The developer shall pay \$52,571.05 for park dedication and development fees. (See following calculations)

Park Dedication = (19 mf @ 700 square feet/unit) = 13,300 square feet.

The developer shall pay a fee in lieu of dedication based on the land value of the square footage of parkland required (up to a maximum of \$1.91 / square foot) = \$25,403.00

Park Development Fees = (49 @ \$554.45) = \$27,168.05

TOTAL PARK FEES = \$52,571.05

21. Prior to City signoff on this project, the developer shall select a process for paying the park impact fees, and meet the requirements of that process.

Park Impact Fees Parkland impact fees and park development impact fees shall be paid for this project.

Payment checks shall be payable to the City of Madison Treasurer. All questions, payments and deliveries shall be made to the office of the Madison Parks Division. Prior to City signoff on this project, the developer shall select one of the following options for paying these fees:

1. Payment of all fees in a lump sum prior to City signoff on the project.
2. When fees exceed \$20,000, the developer may pay half the fees and provide a two-year letter of credit at no interest for the remaining half of the fees, both prior to City signoff.
3. When fees exceed \$50,000 for plats being built with phased subdivision improvement contracts, the developer may pay the fees due for the number of units in each contract phase, paid at the time of contract execution, and at the fee rates then in effect. Under this option, the fees shall be calculated and prorated to each lot on the development, and the developer shall record a notice of the outstanding impact fees for each lot prior to receiving City signoff for the project.

4. The Developer has elected to defer the payments until such time as the building permits are applied for, in which case the owner(s) shall have fourteen (14) days after receiving the invoices to pay the outstanding impact fees. The following shall be required prior to plat sign off:
 - a) The Developer shall supply an Excel spreadsheet with lot numbers, lot areas, and number of dwelling units per lot. The Developer shall supply a Cadd file of the proposed FINAL plat, in a format compatible with Microstation J. This information shall be required to calculate the Impact Fees, which will then be recorded at the Register of Deeds against each lot in the subdivision.
 - b) All information shall be transmitted to Janet Dailey by e-mail at Jdailey@cityofmadison.com, or on a CD to:

Janet Dailey
City of Madison Engineering Division
210 Martin Luther King Jr. Blvd
Room 115
Madison, WI 53703
 - c) A minimum of three (3) weeks shall be required for staff to calculate the Impact Fees and record the documents prior to plat sign-off.
 - d) The Developer shall put the following note on the face of the plat, certified survey map and PUD signoff plan:

ALL THE LOTS / BUILDINGS WITHIN THIS SUBDIVISION / DEVELOPMENT PLAN ARE SUBJECT TO IMPACT FEES THAT ARE DUE AND PAYABLE WITHIN FOURTEEN DAYS OF THE ISSUANCE OF BUILDING PERMIT(S).

Please contact Patrick Anderson, Assistant Zoning Administrator, at 266-5978 if you have questions regarding the following five (5) items:

22. Meet all applicable State accessible requirements, including but not limited to:
 - a. Show signage at the head of the stalls.
23. Parking lot plans with greater than twenty (20) stalls, landscape plans must be stamped by a registered landscape architect. Provide a landscape worksheet with the final plans that shows that the landscaping provided meets the point and required tree ordinances. In order to count toward required points, the landscaping shall be within 15' and 20' of the parking lot depending on the type of landscape element. (Note: The required trees do not count toward the landscape point total.) Planting islands shall consist of at least 75% vegetative cover, including trees, shrubs, ground cover, and/or grass. Up to 25% of the island surface may be brick pavers, mulch or other non-vegetative cover. All plant materials in islands shall be protected from vehicles by concrete curbs.
24. Lighting is required for this project. Provide a plan showing at least .25 footcandle on any surface of the lot and an average of .75 footcandles. (See City of Madison lighting ordinance)
25. Provide one bike parking stalls per dwelling unit in a safe and convenient location on an impervious surface to be shown on the final plan. The lockable enclosed lockers or racks or equivalent structures in or upon which the bicycle may be locked by the user shall be securely anchored to the ground or building to prevent the lockers or racks from being removed from the location. NOTE: A bike-parking stall is two feet by six feet with a five-foot access area. Structures that require a user-supplied locking device shall be designed to accommodate U-shaped locking devices. Show on site plans the location of the four (4) bike stalls called out on Bldg. # 1.
26. Provide final dwelling unit mix for the final SIP sign off.

Please contact Scott Strassburg, Madison Fire Department, at 261-9843, if you have questions about the following two (2) items:

27. Provide fire apparatus access as required by Comm 62.0509 and MGO 34.19, as follows:

- a. The site plans shall clearly identify the location of all fire lanes.

28. All portions of the exterior walls of newly constructed public buildings and places of employment and open storage of combustible materials shall be within 500-feet of at least TWO fire hydrants. Distances are measured along the path traveled by the fire truck as the hose lays off the truck. See MGO 34.20 for additional information.

Please contact my office, at 267-1150, if you have questions about the following two (2) items:

29. That the applicant shall prepare a revised table showing the number of dwelling units approved on all lots within the Mid-Town Commons developments for which a Specific Implementation Plan has been adopted, and the minimum and maximum number of dwelling units allowed by the General Development Plan on all lots for which a Specific Implementation Plan has not been adopted. This table shall be reviewed by Planning Unit staff and included in the revised General Development Plan.

30. That the siding materials be revised per recommendations of the Urban Design Commission.

The applicant is also required to satisfy the conditions of approval of the Urban Design Commission prior to the final approval of the planned unit development for recording. Please contact Al Martin, Urban Design Commission Secretary, at 267-8740 if you have any questions about those conditions.

After the plans have been changed as per the above conditions, please file **nine (9) sets** of the revised, complete site plans, building elevations, floor plans and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their signature of final approval.

Upon receipt of the aforementioned plans, documents and fees, and upon determining that they are complete, the Zoning Administrator shall record them with the Dane County Register of Deeds Office. The recorded originals will be returned to the applicant, with the recording information noted, when the Register of Deeds has completed the recording process.

If this plan is not recorded within one year of the date of approval by the Common Council, the approval shall be null and void. No construction or alteration of the property included in this application shall be permitted until a Specific Implementation Plan (SIP) has been approved and recorded.

Within thirty-six (36) months of Common Council approval of the general development plan, the basic right of use for the areas, when in conformity with the approved specific implementation plan, shall lapse and be null and void unless 1) the project, as approved, is commenced by the issuance of a building permit, or 2) if an application for an extension is filed at least thirty (30) days prior to the expiration of the thirty-six (36) month period and the Plan Commission, after a public hearing pursuant to Sec. 28.12 (10)(e), determines that no changes in the surrounding area or neighborhood since approval of the general development plan render the project incompatible with current conditions and grants an extension of up to twenty-four (24) months in which to obtain a building permit. In no case shall an extension allow a building permit to be issued more than sixty (60) months after approval of the general development plan by the Common Council. If a new building permit is required pursuant to sec. 29.06(4), Madison General Ordinances, a new petition and approval process shall be required to obtain general development plan approval and specific implementation plan approval.
