Hello,

I live near the intersection of Baldwin and Dayton as well as Baldwin and Mifflin. I believe that at least one of these intersections could benefit from a 4 way stop. Our kids cross at that intersection and cars drive rapidly up Baldwin and do not seem to always look for bikes/pedestrians. This is a route that many neighborhood children use to get to school. Please support adding the 4 way stop in addition to the other safety measures you are proposing.

Thanks!
