

BUSINESS PLAN FOR KAVANUGH'S ESQUIRE CLUB

The Esquire Club would be operated as an upscale supper club style restaurant with artisanal cocktails it would also include some catering business and some meeting business. There would be some small scale live music such as jazz trios. The business would largely continue to be operated in the manner it has been historically has a restaurant providing a community gathering place. We look forward to improving operational systems and back office functions and improving overall organization.
